For di aña pasa a papia di un protocol pa preveni suicidio na warda

Den e ultimo aña ya caba tin tres persona cu a wordo haya sin bida den nan cel. Prome cu esey den añanan anterior tabatin caso pasobra esaki tabata un preocupacion tambe di Comision pa Prevencion di Tortura y Maltrato (di Europa) a señala nan preocupacion durante un bishita na Aruba na aña 2022.

Den e control cu e comision a haci, a constata cu no tabata existi un protocol pa atende cu un situacion asina aki. Pero tambe a menciona con e personanan mester kita sunu pa revisa nan of te hasta ta blindfold algun. Esaki tabata un accion cu nan a desaproba. E delegacion a bishita tres warda ora cu nan tabata na Aruba. Y a topa cu algun persona cu tabata agita, burachi of tin riesgo di comete suicidio na momento cu nan tabata deteni door di polis. A bin compronde e tempo ey cu tabatin detenido casi 10 dia sera sunu (of na jockey) den un cel na warda policial. A papia cu e polisnan cu a confirma cu esaki tabata e procedura cu nan ta obliga pa sigui.

P'esey den e rapport cu a traha un biaha mas a trece dilanti cu mester bin un protocol cu por aplica riba e personanan cu ta na riesgo di causa daño na nan mes of comete suicidio.

Mester pone e personanan aki den un cel cu no tin punto pa mara nan mes of cu paña cu nan no por uza pa cualkier cos pa comete e acto. Mester pone nan bou observacion special y mester keda bou atencion di un profesional.

"Ta totalmente inapropia pa pone un persona cu riesgo di comete suicidio sunu den un cel sin e apoyo necesario. Un trato asina ta humiyante y mester pone un fin n'esaki." Pesey nan

ta recomenda pa bin cu un protocol di cuido p'e personanan deteni cu riesgo di comete suicidio ora nan ta den cel, teniendo cuenta cu e puntonan ariba menciona.

E asunto di kita un persona su pañanan pa listr'e y haci tres squats ta un medida invasivo y denigrante y cu por ta traumatico principalmente pa e personanan cu a pasa den violencia sexual. Pa evita berguensa, ta miho pa no kita nan completamente sunu di un solo biaha. A conseha pa kita e parti di ariba, pone bek prome cu kita resto di paña. Esaki mester ta e sistema uza na tur warda.

A haya comentario cu a blindfold

algun persona durante strip-search. E comision no ta mira con por hustifica esaki. Pa blindfold un persona den custodia policial, particularmente un persona den interrogacion, transporta di un caminda pa otro, ta un forma di opresion. E efecto di esaki riba e persona concerni ta conduci frecuentemente na maltrato psicologico. Ta conseha autoridad pa prohibi e sistema di blindfolding di e personanan cu ta den detencion na warda di polis.

CPT ta kere cu ademas di ekipo specialisa, e detencion di e personanan asina mester bay bou di supervision medico.

Reduccion den cuida medico a reduci atencion pa pashent formalmente

Mas grandi mas simplifica e tratamento

E situacion den cuida medico ta sigui conoce su puntonan di preocupacion ya cu desde cu a dicidi di reduci gastonan medico principalmente di AZV, pashentnan tur dia y tur siman ta wordo confronta cu situacionnan cu no ta husto y hasta por bisa cu nan ta inhumano.

Tin casonan cu ta sumamente preocupante caminda hendenan malo, principalmente hendenan cu awendia ta wordo yama “adultonan mayor” ta wordo confronta cu e situacionnan cu nan mes no por compronde ya cu e falta di interes tanto cerca nan dokter di cas como di specialistanan, ta simplemente sumamente negativo.

Awendia tin un situacion cu ‘urologo’ caminda ta mas facil haya un cita cu por ehempel Gobernador di Aruba cu pa haya un especialista asina, loke ta pone cu tin hopi ciudadano, cu ta biba tur dia cu dolornan inmenso, ya cu e cita cu nan mester ricibi di ‘urologo’, no ta drenta of hasta nunca ta drenta. Tin casonan caminda hendenan cu hopi dolor, pa colmo dolor di piedra por ta insoportabel, pa canando casi cuater luna rond sin cu nan ta wordo alivia ya cu e dokter di cas a manda e ‘verwijsbrief’ pa e especialista kende nunca ta yama bek pa regla e dia cu e persona tin cu bishita su oficina.

E situacion ta mesun cos cu ginecologo, caminda no tin suficiente di e specialistanan aki pa atende cu e demanda cu tin, y tin hopi pero hopi demanda pero aparentemente tanto SVB, AVZ y dokternan di cas, ta prefera di no perde tempo cu principalmente hendenan di edad halto.

Mas y mas e falta di respet aki ta sigui lanta cabes y e casonan di negligencia di nos hendenan grandi, ta sigui crece y no solamente pa loke ta ‘urologo’ of ginecologo pero tambe na momento cu un hende grandi tin cu sea saca un MRI of cualkier otro control, hendenan grandi ta warda tin ora tres pa cuater luna prome cu nan wordo atendi of yama pa bin haci e control nan aki.

Tin casonan dudoso tambe caminda tin pashentnan femenino cu a ser manda pa haci control di sanger y orina cu ta e unico cu ta bay lihe, e pashent aki mester a warda mas cu dos siman prome cu el a wordo yama pa e resultado y mientras cu dokter personal di e dama aki ta bisa cu tur cos ta limpi limpi, ta bin resulta despues un otro dokter amigo, ta informa e dama aki cu den su orina ta detecta cu e tin un inflamacion formal cu ta rekeri antibiotica.

Mas casonan caminda pashentnan cu tin problema pa cana debi na posibel inflacion di su ‘urineblaas’ pero e tin cuater luna sperando caba pa sikiera n dokter informa su persona kico ta pasando cu su curpa, pa e por sa kico e tin cu haci pero ningun caminda e ta wordo alivia. Tin hendenan cu tin suficiente sosten financiero cu nan por bula bay Colombia pa un tratamento mas avansa of mas extenso pero no ta tur hende tin mesun luho financiero aki pa haci esaki, loke ta pone cu nan a keda dwaal den un mundo di incertidumbre sin cu nan sa kico esaki lo por nifica pa nan salud den futuro.

OPINION VICTOR 'TOKO' WINKLAAR

Parlamentario a divorcia di AVP y ta bolbe pidi divorcio

Pa hopi tempo ta scucha varios politico, principalmente Parlamentarionan, cu ta papia cu mester bin un “politica nobo” aki na Aruba pero despues di varios luna, ainda no tin indicacion algun di e politica nobo aki, al contrario tur loke por ripara te na e momentonan aki, ta mesun mentalidad politica bieu.

E siman aki un biaha mas por a ripara cu tin politiconan cu ta papia algo y ta haci net lo contrario y aki mi kier referi na Parlamentario Rycond Santos do Nascimento, ora cu papiando riba “geschillenregeling,” ta muestra cu pa yega na un miho relacion cu

Hulanda, ta na cas tin cu atende prome cu e situacion cu tin na e momentonan aki. Segun e parlamentario independiente aki, mester “divorcio for di e problema mas grandi, cu ta MEP y AVP, cu ta esunnan responsabel pa e problema financiero debi cu nan a goberna pa 37 aña largo.”

Si loke Rycond ta trece dilanti aki ta e cara di e politica nobo, anto e situacion ta muestra hopi scur ya cu e parlamentario aki, a divorcia for di algun luna caba for di partido AVP pero mescos cu hopi matrimonio, dos Santos tin dificultad pa los laga bay for di su “amor bieu” ya cu e siman aki, el a bolbe anuncia cu mester divorcia for di AVP y MEP tambe.

Riba dje dos Santos tin cu corda cu si mester a tuma luga mescos den tur divorcio, un asina yama ‘reparticion di bienes’ su persona na momento cu el a dicidi di divorcia for di AVP, e mester a entrega su asiento bek na partido ya cu e no tin suficiente voto, cu ta 214 pa reclama cu e tin cu bay cu e asiento aki.

Pues claramente e politico aki, a papia di un politica nobo pero ta pretende di cuestiona un decision di pueblo, cu a duna e dos partidonan aki, alrededor di 40 mil voto den ultimo eleccion, cual ta un decision di pueblo.

Te ainda dos Santos y algun otro politico no ta mustrandona pueblo e cara nobo cu nan ta pretende cu nan kier mira den politica na Aruba y awor ta duna e impresion cu pa di dos ocasion den menos di un aña, e kier exigi otro divorcio for di partido AVP, ya cu su carera politico, ta depende kico AVP y MEP lo bay haci. El a anuncia di lo lanta un movicion politico nobo pero ainda no a duna algo concreto di kico esaki lo bira, ni cuanto candidato caba el a recluta pa subi su lista y tampoco a muestra pueblo e vision politico nobo cu e lo kier brinda na pueblo.

Otro independiente cu tambe ta boga pa un politica nobo, ta Parlamentario Gerlien Croes kende siman pasa durante di un ‘bijeenkomst’ a duna un declaracion cuestionando cu e dos fraccionnan mas grandi den Parlamento, ta ataca otro solamente sin presenta solucion.

Pero e parlamentario independiente aki tabata den fraccion di AVP tempo cu Prome Minister Evelyn Wever Croes a ataca su persona relaciona cu su compañero di e tempo ey, kende a bringa cu yiu di e Prome Minister den un nightclub.

E tempo ey ningun momento el a cuestiona cu durante reunion di Parlamento, ta trece asuntonan asina cu no tin nada di haber cu asuntonan di pais Aruba pero awor cu el a “divorcio” di AVP, ta trata di piki punto riba tur loke e por cuestiona di su partido, cu ta e organizacion cu a yud’e tuma e rumbo politico pa su carera.

Announcement of the Government of Aruba

Treasury Bills issuance – Afl. 10,000,000.00
November 3, 2023 – February 2, 2024

Aruba, October 26, 2023
Centrale Bank van Aruba

Inverti den casnan di cuido **No ta alivia e presion financiero di adultonan mayor**

Gobierno pa medio di Minister Ursell Arends, a dici di lanta un departamento nobo cu ta carga e nomber di Directie Ouderenzaken, cual a bira oficial dia 1 di October di 2022. Un departamento cu a wordo saca for di e departamento di Directie Volksgezondheid, esta DVG pero cu awor ta riba su mes y entre otro a splica cu di e forma aki, lo tin mas control riba maneho y por centralisa di e forma aki, tur loke ta cay bou hendenan grandi. Despues di un aña di existencia di e departamento nobo aki, ta dificil pa defini den un forma cla, cualkier cambio pa miho despues cu DVG a laga e seccion aki los pa asina Minister Arends impone su maneho.

Sinembargo celebra henter luna di October como 'Luna di Adultonan Mayor' no necesariamente ta nifica cu a haci algo efectivo of significativo, ya cu realmente e situacion di un grupo grandi di adultonan mayor den comunidad, ta confrontando temponan dificil, caminda nan ta lucha pa tene cabes riba awa riba diferente sector cu ta necesario pa nan sobrevivencia.

Na luna di November di 2022, Minister encarga cu e departamento di Adulto Mayors, Ursell Arends a haci e siguiente declaracion: *"Desde comienso nos adultonan mayor, nan cuida y bienestar tabata halto entre e puntonan di prioridad y di ora mi a tuma e encargo como Minister di Asuntonan di Adulto Mayor, a haci esfuersonan pa cuminsa cana e caminda pa cumpli na duna nos adultonan mayor, e atencion cu nan merece."*

Un atencion cu ainda no a yega na nos hendenan grandi, ya cu e lucha di tur dia contra un inflacion sin misericordia, ta sigui su rumbo y e presion cu adultonan mayor ta sinti tur dia, a para bira un lucha diario pa tene cabes riba awa.

Miles di pensionadonan cu Minister ta considera Adultonan Mayor, ta bibando riba un entrada masha limita y cu na momento cu considera e grito di alegria di Minister Dangui Oduber na momento di anuncia e aumento anual di 3% pa tur pensionado, esaki ta un suma cu simplemente no ta yega pa cubri gastonan di un dia pa cuminda. Pa algun hende e aumento di 3% no ta ni yega 100 florin y awendia e situacion di aumento di costo di biba, aumento di prijs di awa y coriente, aumento di prijs di gasolin, e 100 florin aki ta dirti manera ijs den solo.

Dialuna ultimo Minister Arends den conferencia di prensa di gobierno, caminda a haci publico cu gabinete Wever Croes II por fin a haya algo pa por inverti den algun proyecto pa comunidad. Entre otro e mandatario di RAIZ a muestra cu el a haya un suma di 7.3 milyon pa inverti pero mesora a muestra cu 3.3 milyon lo bay pa cumpli cu pagonan atrasa pa trahadonan di SABA mientras cu tin un suma di 3.9 milyon a wordo aloca pa "cuido di adultonan mayor", esta pa drecha e situacion den casnan di cuida.

Cu otro palabra no tin mucho placa pa yuda miles di adultonan mayor cu ta lanta tur dia cu menos placa den cartera, tur fin di luna nan ta confronta un lucha pa paga lo esencial y ta algo tristo pa mira hendenan grandi, pasa den momentonan asina dificil. Kisas gobierno no ta canando den pueblo, no ta bishita adultonan mayor cu ta den necesidad pero ta bon pa gobierno ta na altura cu cantidad di cas di famia di adultonan mayor, for di algun tempo caba no por permiti nan mes e luho di laba nan paña un of dos bes pa siman.

Nan ta prefera di bisti algo, kita esaki y bolbe colga e paña aki den cashi, ya cu e gasto di awa ta asina halto, cu nan no por permiti nan mes e luho di bista y laba mesora.

Mesun cos ta e situacion den oranan di anochi, caminda banda di 7'or caba cas ta bira scur ya cu no kier gasta mucho coriente ya cu e placa ta masha scars mes y Minister encarga cu e departamento di adulto mayor, no tin solucion pa e problema financiero delicado aki di e grupo menciona.

DI TODO UN POCO PA REFLEXIONA

Awor cu Corte di Empleado Publico a condena ex-Minister Guilfred Besaril, e funcionario aki ta pendiente p'e caso penal entama contra dj'e. Y asina lo bira cla pa tur hende cu tabatin mal uzo di fondo publico pa gastonan personal. Pero e pregunta ta keda: "A entrega un denuncia penal contra di Guilfred Besaril pa manipulacion haci cu fondo di pueblo?"

Tumando na cuenta un publicacion den AWEMainta encuanto e famoso 6.9%, bo sa hopi t'e hende nan cu NO ta compronde un patada di loke Hulanda kier a hinca Aruba aden. Esta kibra e acuerdo di Reino pa Aruba su Status Aparte firma na 1983. Y cual drenta na vigor 1 januari 1986 y celebra dia 18 Maart 1986. Kico e acuerdo di Reino ey ta bisa bo. Cu Reino ta para garantia pa Defensa, Corte Comun, Enseñansa y Salubridad. For rest Aruba tin cu dirigi e otro dor di su propio medio lo demas.

For di 1986, Hulanda NO a paga ningun debe di Eilandgebied Aruba. Semper desde 1986 te awe tin un deficit presupuestario. Te hasta riba propio cuenta, Aruba a duna garantia, na construccion di hotelnan. Y nunca hotelnan a actua riba e garantia cual tabata Aruba su salvacion. Menos e hotel cu partido cu a sinta na 1989 si a laga man sleg. Cu Italia a cobra e garantia cu MinPres di 1989, y mester a bay Italia y yega na acuerdo cu nan, contra boluntad di Hulanda cu Hulanda a keda masha molestia e tempo aya. Y desde e tempo aya NUNCA Hulanda a yuda Aruba awg.0.05 cu un lening pa deficit presupuestario.

Aruba por a subi mercado internacional, sin cu mester pidi Hulanda permiso. Esey tabatin Gobierno di Reino hopi molestia, vooral Minister Plasterk, Secretarionan di Estado Raymond Knops, y awe Alexander van Huffelen. Tempo Gabinete Mike Eman a existi pa haci lening na Hulanda, cu MinFin Angel Bermudez, Hulanda a bay di acuerdo pa 6.5%, di Hulanda a bay pa Alemania, MinFin a haye e lening pa 5.5% y Hulanda mester firma bij het kruisje. Cual a hinca Aruba un tiki mas den e rabia di Hulanda contra Aruba. Pasobra Aruba NO mester di nan permiso pa subi mercado internacional. Pero Gobierno di Aruba, TAMPOCO por of mag fia placa internacional. Laga nos ta cla aki den tambe. E unico forma cu por haci e prestamo internacional ta pa medio di e Empresanan Estatal di Gobierno bao maneho di Banco Central Arubano.

Dus tur aña un empresa estatal ta haci e lening pa Gobierno. P'esey mes Gobierno a haci'e diferente otro departamento di Gobierno di Lands, como Empresa Estatal. Entre otro ATA, APA,

etc., etc. Y nan tambe ta subi mercado internacional. P'esey Hulanda, Gobierno di Reino tabata asina sin gevoel cu nan kier y ta exige Aruba bende Hulanda 25% di accionnan di Empresa Estatal cu ta Winstgevend Bedrijven, djis pa haya 1 miembro di Raad di van Bestuur como comisariado. Ata Airport NUNCA nan a fia placa pa Gobierno, pasobra tin un Hulandes ey den. Tremendo berdad.

Awor si den tur Raad di Comisariado tin un Hulandes Europeo, Aruba lo por subi mercado internacional. No nan NO por pasobra ley cu ta reglamente leningnan internacional mester ta unanime, dus tur miembro di Raad mester ta di acuerdo. Si tin 1 hende contra, NO por haci lening.

Te hasta asina leu Hulanda a yega pa stroba Aruba subi mercado internacional. Esey t'e wega awe, esta e famoso RAFT. P'esey awe Partidonan MEP, RAIZ, y AVP, cu a vota contra RAFT, lo crece den proximo eleccion. Dicon pasobra nan a salvaguardia e Status Aparte di 1983, NO a laga Hulanda kibra e acuerdo cu nos Libertador Betico Croes firma den pasado hunto cu tur otro politico y gremionan.

Awe e Partidonan Chikito den oposicion y independiente NO a compronde e embergadura di nan gestion pa exige RAFT. Pero pueblo no ta bobo. Y sa cu no por duna Hulanda su kier pa kibra loke a keda acorda na 1983. Si Hulanda a duna 8% mes Gobierno di Aruba lo a paga nan 10% si nan kier. Keremi. Un dia den futuro Aruba lo por paga Hulanda bek full e debe aki, riba un lening internacional pa un porcentahe mas abao. Y esaki sin permiso di Hulanda. Pero aceptando RAFT, Gobierno di Aruba ni su Banco Central por fia Awg.1.00 na banconan local di Aruba. Corda internacional. Bos di Pueblo, ta Bos di Dios. Quo Vadis. "Un pueblo ignorante ta un instrumento ciego, di su propio destruccion".

Wak un otro pret aki. Hulanda a duna Aruba 6.9% enbes di 3.1%, pasobra no a aproba RAFT. Hulanda a duna Corsou 5.1% enbes di 3.1%, pasobra a nenga pa acepta un lening di 1.2 biyon pa yuda Ennia. Imagina bo. St.Maarten a haya 3.1%, pasobra nan acepta loke nan a pidi den acuerdonan. Gobierno di Reino ta trahando pa crea un Man Comunidad Hulandes, unda tur isla CAS, banda di BESS lo forma un solo bloke Hulandes, unda Hulanda por sigui dividi y goberna.

Esiman aki, durante Enfoke, dirigi pa Speed y Patrick tabatin como invitado Mike Eman, lider di AVP, kende a bay pa comenta riba e situacion cu pueblo di Aruba ta pasando aden, >>>

cu ta motibo cu proximamente e ta saliendo pa Hulanda. Bo ta puntra bo mes, kico Mike Eman ta spera di logra cu un Gobierno demisionario?

Loke cu tambe a hala masha atencion den e entrevista aki, ta ora cu Mike Eman a pidi particularmente Patrick pa stop di compara e.o. AVP cu MEP, cu ambos ta mescos, cu no tin cambio. Mike Eman a debolbe Patrick pa no compara Enfoke cu Solo di Pueblo/Top FM. Of Patrick Paskel ta di acuerdo cu esey? Por a mira di biaha con Patrick a keda sin palabra, mester a guli manda abao, te cu su dia siguiente e no a presenta na Enfoke, bisando cu “griep a dal’e duro”. Lo ta Mike Eman a pone na su luga, pa stop di haci comparacion. Net Patrick Paskel y su compania a gana masha placa cu Gabinete Eman, y kier pasa pa ta un persona masha neutral. E cu ta gusta uza dicho, anto e mester corda esun di Watty Vos, kende a bisa cu “neutral bo ta haya solamente den auto”.

Tin 20 mil stranhero ilegal trahando riba nos isla, ningun ta paga Loonbelasting, SVB, AZV, etc., etc. Si tur 20 mil haya nan estadia regla pa Gobierno, bo sa cuanto placa esaki ta genera pa Gobierno. Pero e capricho pa no haci nan legal. Pero awe SVB lo bay changa tur e doño di trabao na un forma hopi inocente, cu Mi-SVB. Automaticamente un hende cu ta traha na hotel of na cualkier instancia lo inscribi su mes p’e beneficiacionan di SVB. Dus automaticamente el a inscribi su mes, y e doño di trabao lo hay’e ta bay paga tur achterstalig premie cu nunca nan a paga, plus un boet administrativo pa tin trahado ilegal den servicio. Bo ta hay’e great?

Mescos cu Gobierno a haci cu 7% di BBO aan de grens pa changa tur comerciante. Dicon, hopi Chines y Hindu y otro nan, ora cumpra semper ta duna bo e recibo di bo ATM como recibo final of ta puntra bo, bo kier recibo bo bisa no. T’abo a duna nan chens pa NO paga e BBO. P’esey nan no ta duna bo recibo di caha. Dus no ta slaat e cumprado. Ey semper nunca nan ta paga nan fair-share di bbo, bazv, y bap cu tin cu wordo entrega tur dia 15 di cada luna, esta copia rol di recibo di caha. P’esey semper cos ta malo pa nos. Paso bo no ta registra e compra. Pero awor, bo kier haya bo 7% di BBO aan de grens bek, manera ley ta prescribi, anto entrega bo recibo di caha y desconta e BBO aan de grens. Gobierno a changa tur. Bo ta hay’e bon?

Gabinete Wever Croes II ta duna e impresion cu e no tin ningun clase di maneho. Nan no tin ningun prioridad, si mira p.e. con Minister di Husticia, Rocco Tjon ta fiesta di a haya regalo un Van pa Mobiele Eenheid. Nos tin tanto lantamento di pueblo na Aruba, te cu mester busca un van asina?

Mayoria di lantamento di pueblo a sosode semper ora cu MEP ta den oposicion. Rocco Tjon mes a yega di forma parti di e Mobiele Eenheid y di otro unidadnan policial. E van aki lo keda para te ora cu e frustia, pasobra ta poco biaha e lo ser poni den accion.

Awor cu a resulta cu Gobierno tin 25 miyon florin di surplus, ta buscando prioridad. De pronto, lo bay construi un Juliana School nobo, unda ningun hende sa? Lo bin cu e MAVO/HAVO na Noord tambe.

Pero sindicatonan ta keto, y no ta demandando pa haya nan fair-share. Sindicatonan a bay den un winterslaap.

Corte hasta a duna un veredicto den caso di SEPPA vs Post Aruba N.V., cu no por paga nada cu a keda acorda. No tin placa?

EXECUTORIALE VERKOOP (AUCTION)

Executieveiling in opdracht van de hypotheekverstrekker; openbare verkoop krachtens artikel 3:268 van het Burgerlijk Wetboek van Aruba van de volgende onroerende zaken:

Bernhard van de Veen Zeppenfeldstraat 8, 10 & 12

Minister Geoffrey Wever:

A inicia cu trabou di instala luznan nobo den Caya pa eleva siguridad den Caya F. Betico Croes

Diamars 24 di october DOW a inicia cu e proyecto instalacion di luznan nobo y adicional den Caya Betico F. Croes. E instalacion ta inclui 50 palo di luz nobo reemplasando esnan existente y cu no ta funciona debidamente.

Minister di Asuntonan Economico, Sr. Geoffrey Wever, ta contento di mira e inicio di proyecto di iluminacion, mirando cu esaki tin basta tempo den planificacion. E mandatario a splica cu e proyecto di revitalisacion di Oranjestad ta consisti di diferente proyectonan cu hunto mester trece un impacto positivo den centro di ciudad. Pa ambos San Nicolas y Oranjestad, iluminacion y siguridad ta importante pa cual a scoge pa atende cu e reto aki inmediatamente.

Pa atende cu e aspecto di siguridad pa haci caya Betico F. Croes mas atractivo anochi, a haci un inversion di mas di 60 mil florin pa iluminacion.

Fuera di iluminacion, tin otro proyectonan di infraestructura plania y tambe den ehecuccion. Un ehempel di esaki ta e proyecto di Wilhelminastraat y Columbusstraat, cual pronto – finalmente – lo termina., e proyecto aki ta atende cu accesibilidad, crea mas espacio publico, facilidad di permiso pa precario, percura pa mas limpieza y expansion di parkeo, cu tin e meta principal di drecha e atmosfera empresarial den e area.

Minister Wever ta indica di ta na altura cu tin diferente reto pa atende cu nan den e cuadro di revitalisacion den e area, y cu esaki tin su debido atencion.

Ta trahando duro cu diferente gruponan involvi pa atende cu proyectonan realisabel a corto plaso, mientras ta preparando pa e proyectonan mas duradero y a largo plaso.

Colaboracion entre sector priva y gobierno ta keda esencial den realiza un centro di ciudad revitalisa, cu destinacion pa haci Oranjestad un centro di gastronomia y vivienda.

E mandatario ta gradici tur esnan involvi pa nan esfuerzo, y e comerciantenan pa nan pasenshi y comprension.

A horta auto para dilanti cas den Koningstraat

Dialuna, un cabayero a presenta na warda di polis pa denuncia cu a horta su auto. Tabata banda di 11'or di mainta, ora cu el a mira su auto marca Mitsubishi Montero, colo di oro staciona dilanti su cas ubica den Koningstraat, pa ultimo biaha.

E no sa haci mucho uzo di e auto aki. E tin dos yabi di spare. Uno e tin'e na su cas y e otro e sa tin pega na su bosh'i yabi. Awo el a ripara cu nan a bay cu su auto, el a realisa cu e yabi cu normalmente e sa tin na su bosh'i yabi, ya no tabat'ey.

E no sa unda e ta, supuestamente perdi. E auto tabata cera y para intacto dilanti su cas. Tur dia e tabata wak cu su auto tabata cera y den perfecto estado. Hasta e tabata yena di gasolin. E no tabatin obheto di balor den e vehiculo. Pero si tabatin hopi documento di su negoshi.

Pa 10:30 di anochi, el a yega su cas y a mira cu e auto no tabat'ey. E no a duna permiso pa bay cu e auto y uz'e riba caminda. Tampoco tabatin derecho pa uza e gasolin. Ainda e tin yabi di e auto den cas. Aparentemente e persona cu a bay cu e auto lo a uza un yabi falso. Despues di su denuncia y investigacion, a bin haya e auto mas laat cerca di e rotonde na altura di Acero. A confisca e auto pa sigui cu e investigacion. A informa central riba e suceso.

Habitante no a gusta cu hoben a saca potret di su cas

Dialuna mainta trempa, Central di polis a manda un patruya cerca di un parcela na Sabana Basora unda cu dos mucha homber tabata saca potret di su cas. Ora cu polis ayega, e dos hobennan aki ya no tabata mas na e sitio. Polis a papia cu habitante di e cas na Sabana Basora Noord.

El a splica cu poco rato prome, dos hoben tabata sacando potret riba e acera dilanti su propiedad. El a bisa cu el a bira e mucha hombernan a traves di e camara di siguridad di su cas. Tambe e di cu un di e hobennan no tabatin t-shirt bisti y cu e tabata haci gesto cu pistol.

Fuera di esey el a conta c poco prome cu patruya a yega, nan a huy bay zuid. Polis a bay tira un bista den e zona despues di a pasa e cas, pero sin resultado. A informa central di polis.

Chauffeur kier a dal homber despues cu el a hera dal su pareha riba caminda

Dialuna anochi, central a manda patruya cerca di misa na Playa pa un pelea cu arma. Dilanti di e supermercado situa dilanti di e misa, polis a puntra algun persona si nan por a mira algun problema, caminda un di nan a bisa cu esunnan envolvi tabata den e supermercado.

Den e supermercado nan a bin topa cu un pareha, caminda e dama tabata hopi ansha. A papia eyan cu e homber K., kende a bisa cu e y su pareha kier a crusa caya riba zebrapad direccion p'e misa, net na momento cu un auto blanco tabata circula, direccion zuid cu velocidad halto y no a baha esaki pa nan. K. a bisa cu si no tabata p'e, e auto lo a dal su pareha.

E mester a ranc'e na su man pa evita e accidente. Consecuentemente, el a grita algun palabra malo duro den direccion di e chauffeur, kende a baha for di e auto cu un tubo den man y a bay den su direccion.

K. teniendo na cuenta cu e ta cu su pareha, a evita e problema y despues a bay n'e supermercado. Ni e, ni su pareha a wordo agredi. K. tambe a declara cu e no a dal e chauffeur. E muhe Z. a bisa cu e tabata hopi spanta. A pone central na altura.

Molester di huma na Rooi Master

Dialuna atardi, durante patruya, central a manda polis direccion Rooi Master pa molester di huma. Supuestamente un residente lo tabata kimando koper. N'e luga di e echonan a bin resulta cu e tabata kima rok y no koper.

Un habitante di e bario a declara cu el a yega di kima tera den pasado, unda cu polis a presenta y a hala su atencion.

Desde e dia ey e no a bolbe cende candela. A revisa den e zona, pero no por a mira nada for di normal. A informa central

Parlamentario mr. drs. Mervin Wyatt-Ras na Tripartiet:

Mester di mayor union pa un miho connexion aereo y posicion mas solido cu Hulanda

Esey ta e conclusion cu e parlamentario di Partido di Pueblo Arubano (AVP) a yega na dje na final di e prome dia di Encuentro Tripartiet tumando luga e siman aki na isla ruman di Sint Maarten. Un bes cu a pasa door di e protocol, e delegacionnan participante a drenta den dos topico cu ta mira como mas prioridad, e facilidadnan di aviacion entre e islanan y e posicion pa cu Hulanda riba finansa y autonomia.

Wyatt-Ras a cuminsa cu e parti di connexion di vuelo cu ta un situacion cu ta existi pa hopi aña caba y no lo haya solucion tampoco di un dia pa otro. Despues di a haya un presentacion for di e Dutch Caribbean Cooperation of Airports (DCCA), a papia di alternativanan riba termino largo, cu enfasis riba sostenibilidad y eficiencia, specificamente e uzo di avion electrico.

E parlamentario ta consciente cu pueblo ta desea mas connexion rapido y na un prijs mas abou. Hopi ta desea di bishita famia, pero tambe tin e potencial di turismo medico. Pa yega na tarifa mas competitivo, mester tin aerolinea, aeropuerto y gobierno riba mesun liña. “Esey mi ta kere cu nos mester keda stress riba dje den e reunionnan aki y nos ta bay continua deliberando di esaki den e otro reunionnan p’asina nos por yega mas na otro,” Wyatt-Ras a indica. Pa loke ta e geschillenregeling, a papia di e cambionan mas reciente y di e procedura mas apropiada. E parlamentario no ta kita merito for di e avancen cu a logra den e añanan tra’i lomba, mencionando cu un punto cu ta keda discuti riba dje

ta e deficit democratico. A trece dilanti e dominio cu Hulanda tin, e diferencia di interes cu tin entre e islanan, cual Aruba tin esun di mas halto y a busca sosten di e islanan ruman riba esaki.

E manera di goberna di Gabinete Wever-Croes II no ta yuda tampoco, segun Wyatt-Ras, ya cu no ta duna luga na Parlamento di Aruba pa haci su trabou, pero unilateralmente ta firma areglo cu Hulanda cu ta pone e pais den un situacion dificil. “Nos tin cu lucha cu no solamente parlamento, pero tambe cu minister presidente. E paisnan (CAS) ta trece tambe dilanti cu, dado momento, mester ta mas fuerte pa cu Hulanda,” e parlamentario a splica. E ta referi cu e opinionnan ta hopi dividi pa cu e Raft y si e ta bon of no. E union ta laga di desea.

“Dus na e momento aki nos tin un washiwashi di gobierno cu no sa kico e kier y e ora e ta haci tambe cu parlamento ta mas bou presion. Mi ta kere cu e punto aki nos ta bay sigui discuti riba dje pa nos por wak kico e otro paisnan tambe ta pensa di e asunto aki cu ta un asunto cu ta tene nos mes hopi ocupa,” Wyatt-Ras a declara na St. Maarten.

E siguiente temporada nos tin cu tene cuenta tambe cu tin eleccion na Hulanda y un dado momento bo ta bay haya bo cu un gobierno kisas cu ta rechts tambe y cu lo bay pone mas presion. P’esey Parlamentario Wyatt-Ras ta haya cu ta importante pa islanan CAS para duro riba e topico aki pa atende debidamente cu Hulanda al respecto.

Parlamentario Marco Berlis (MEP): E cashi habri di Mike Eman

Algun dia pasa sr. Mike Eman lider di AVP un biaha mas den su desesperacion a cuminsa papia “barbaridad comun” na un noticiario local. Mike Eman, cu ta ausente pa 44% di tur reunionnan publico segun rapport di Parlamento, ta liderando un partido kibra, bergonsa y exponi como corrupto pa su mesun ex-candidato y parlamentarionan.

E entrevista den prensa a demostra claramente cu Mike Eman a perde tur nocion di realidad y no ta realisa den ki estado su consenshi y partido ta.

Mike Eman ta insinua loke ta un realidad pa su mesun partido

E lider di AVP tabata papia di ex-minister Plenipotenciario di Hulanda sr. Guilfred Besaril, cu a caba di perde su caso contra gobierno. Mike a bisa cu si e cashi di MEP habri, cuminsando na Minister President Evelyn bin abao lo muestra cu tur ta corrupto. Asina Mike Eman a insinua y indica cu cada un candidato riba e lista ta culpabel di corrupcion.

Ta bisto cu Mike su expresionnan a perde tur gevoel y consenshi, mientras su propio partido kibra a caba di pasa den un exodus pa via di e mentiranan, maltrato, ofensa y corrupcion cu ta reina den AVP. Un partido cu ta defende esnan cu ta haci malo, cu a maluzan nan poder den gobierno y a wordo condena pa huesnan, pero celebra pa AVP como heroenan. Mike Eman y e old boys network ta keda punta dede riba otro mientras tur hues ta punta dede riba AVP. Esaki ta e “bon comun” cu Mike ta papia di dje?

E cashi habri di Mike Eman

Tin poco argumento cu a resta Mike Eman pa purba sigui gaña pueblo, pa trata na convence cu tur otro hende ta corrupto menos AVP. Mike a demostra cu e no por lidera su partido y a laga su cashi hanchi habri pa tur hende wak e realidad di e partido berde. Mike no tin ningun remordimento, ni a pidi un dispensa na pueblo pa e corrupcion y dolor cu su ex-ministernan sentencia a causa den pueblo. Mas bien e strategia awor ta pa desvia atencion di e realidad cu a wordo exponi pa su mesun hendenan di confiansa. Mike con bo por kita un mancha asina grandi for di bo cashi? Mike su cashi ta hanchi habri y a wordo husga pa hopi huesnan. Pueblo a scucha, lesa y wak e corrupcion den AVP. Pueblo hamas ta bay lubida. Mike, bo cashi su portanan a cay, su lachinan ta kibra, y su pañanan ta corumpi!

Acusacion sin base di Mike Eman

Mike Eman di un forma baho a acusa tur candidato di MEP di corrupcion. Algo cu ami no lo bisa di tur candidato di AVP. Mi por tin hopi desacuerdo cu AVP, pero pa señala tur hende di ta mes corrupto cu ex-minister di AVP cu actualmente ta sintando su sentencia den KIA, ta incorrecto. Cu mi ta kere cu un candidato politico cu principio y moral no por keda den AVP ta berdad, pero esey ta mi opinion y di miles di otro hende. E ta imposibel pa sigui un lider cu ta hunga “politics” den su cashi, cu ta celebra y ainda ta “praat goed” ex-ministernan cu a horta pueblo?

E ta posibel pa sigui un lider cu ta papia di e “bon comun,” pero ta maltrata, ofende, rechasa y manipula su mesun candidatonan? Gerlien bo t’ey? Mike, con bo ta bai hustifica e mancha y corrupcion riba bo cashi? Bo no por frega e susedad di bo cashi riba otro caminda. Esey ta e “bon comun” cu bo ta predica di dje? Finalmente, e filosofia di un lider fracasa cu un partido kibra ta obvio; “Punta dede riba otro y no wak e berdad di mi partido!”

Parlamentario Fraccion di MEP, Ricky Hoek:

Trabao serio cu Gabinete Wever-Croes I y II a bin ta realisa a conduci n'e resultadonan sumamente positivo cu CAft ta elogia

Parlamentario di Fraccion di MEP, Roderick 'Ricky' Hoek a bisa durante un rueda di prensa diaranson cu un noticia positivo cu for di siman pasa caba a sali den medionan di comunicacion na Aruba y tambe den Reino ta esun relaciona cu finansa di Aruba.

Siman pasa, College Aruba Financieel Toezicht (CAft) a entrega su raportahe unda a trece dilanti varios aspecto caminda ta elogia e maneho di Gabinete Wever-Croes II. Hoek a indica cu Parlamento a haya bishita siman pasa di CAft unda cu por a scucha e puntonan positivo cu a bin dilanti caminda CAft a recomenda y a elogia Gobierno di Aruba. El a bisa cu e elogio aki no ta bin sin mas. Tin e trabao duro cu tur e ministernan di Gabinete Wever-Croes II a bin ta haciendo caba desde Gabinete Wever-Croes I. Despues di un temporada hopi dificil, manera esun di e pandemia cu a asota no Aruba so, pero mundo henter, awe por bisa cu en berdad e gobierno aki ta trahando seriamente na progreso

y desaroyo di pais Aruba. Esaki ta un mensahe cla pa tur partner den Reino, cu Aruba ta serio den su decisionnan y su determinacion pa traha y saca Aruba for di debenan cu tin actualmente, a remarca.

Parlamentario Hoek a sigui bisa cu algun punto cu CAft a trece dilanti ta cu e economia di Aruba a recupera completamente danki na un turismo resiliente como tambe na e trahado local cu a brinda un servicio di calidad na e huespednan cu ta bishita e isla. Aruba ta bay tin un surplus di mas di 1 % na 2024 y esaki lo libera miyones inverti den nos pais. Ya caba e ministernan a presenta e inversionnan cu nan ta bay haci den e aña binidero. "Esaki ta un punto sumamente valioso y importante. Pakico? pasobra caminda cu un gobierno haci inversion den e pais, nos sa cu eyan tin un desaroyo. Eynan nos sa cu tin progreso", a bisa. Inversion ta bay tin den tur ministerio, a remarca, y di esaki ta tur inversion ta bay ta na beneficio di pueblo di Aruba.

El a agrega cu presupuesto di Aruba ta cumpli cu tur e normanan y esey ta un di e puntonan hopi importante. A pesar di tur e contratiemponan cu ta hayando cu e negociacionnan cu Hulanda y a pesar cu mester a firma e acuerdo di 6.9 % pa asina Aruba mantene su rating internacional, ya cu 85 % di e debenan di pais Aruba ta cu banconan internacional. Mientras cu 15 % so ta e fianza di 916 miyon cu mester a haci pa COVID." Danki na e normanan cu nos ta cumpli cu ne pa cu presupuesto, Aruba ta bon para", a Hoek a expresa.

Bienestar di nos muchanan ta prioridad

E proyecto di plan di mayor a bira realidad

Prome Minister Evelyn Wever-Croes tabata presente dialuna merdia, hunto cu Minister Rocco Tjon, na Centro pa Hoben y Famia, na unda a tuma luga e “soft opening” di e Loket di Plan pa Mayor. Prome Minister a splica cu Aruba ta conoce un di e porcentahe mas halto di divorcio, y hopi biaha un divorcio no ta un proceso placentero. Importante si ta, pa semper, si tin yiunan involvi, tur decision cu wordo haci, durante e proceso aki, ta na bienestar di nan. Aki ta unda e proyecto di Plan di Mayor ta di gran beneficio, pasobra e ta brinda e asistencia necesario, riba con pa tuma e miho decisionnan na bienestar di e yiunan.

Na momento di un divorcio, semper tin un di e mayornan cu tin mas di perde, pero na final e yiunan no mag wordo perhudica. Tambe hopi biaha e persona den e proceso, ta sinti cu esaki ta algo personal y no ta desea di papia cu niun hende. Pero estudionan científico ta demostra cu ayudo ta importante, y ta necesario pa tuma e ayudo aki, specialmente pa e yiunan, pasobra nan ta e factor principal durante un divorcio. Aworaki cu e proyecto di Plan di Mayor, mayornan por haya e asistencia necesario, riba con pa tuma e miho decisionnan den bienestar di e muchanan. E proyecto aki ta yuda pa e parehanan no

wak otro como ex pareha, sino como mayornan di nan yiunan. E ta na su luga pa semper brinda e yiunan e miho trato cu e mesun alegría cu dia cu el a nace.

E Plan di Mayor, lo wordo ancla den ley prome cu fin di aña, y lo bin cu e obligacion na mayornan, ora di separa, pa tin un plan di con ta bay atende cu e muchanan. No mas loke hues of voogdijraad ta bin cu ne, sino un plan cu e mayornan ta sostene y duna tur di nan mes pa bienestar di e muchanan. E muchanan semper mester keda e prioridad, y nan tin derecho pa ta feliz y por desaroya sin mucho problema den bida. P'esey e proyecto aki ta importante.

“Mi kier gradici tur esnan cu a haci e proyecto aki un realidad. Un danki na Minister Rocco Tjon pa a duna tur di su banda pa e proyecto aki continua, y cu awe nos por a yega asina leu. Tambe un danki na Michella Steenvoorde-Lacle cu ta e motor tras di proyecto aki. Si no ta pa boso cu a insisti riba esaki, awe nos no lo tin e herment importante aki pa brinda esnan cu tin mester di e ayudo.

Tur dia tin retonan den nos caminda pa loke ta e situacion financiero, y tambe riba hopi otro cos mas, pero e tipo di temanan aki no mag di keda sin haya atencion. P'esey un

danki di curason, y pabien cu e logro aki. Mi ta spera cu tur mayor haci uzo di tur e apoyo cu nan por haya di e proyecto aki”, Prome Minister a expresa.

Minister Ursell Arends:

Un exitoso 'Baki den Bario' na Dakota a mira mas cu 540 auto trece desperdicio

Diasabra ultimo a tuma lug a e di cuater edicion di Baki den Bario na Dakota. Baki den Bario, cu ta forma parti di campaña nacional 'Limpi Limpi', ta un evento unda ta pone baki di desperdicio na diferente districtonan rond di Aruba.

E meta di e evento aki ta pa conscientisa nos poblacion riba separacion di desperdicio y e importancia di esaki. Pues ora di separa desperdicio, nos ta yuda e procesamiento di reciclahe cana mas eficientemente y alabes, ta percura pa menos contaminacion den nos medio ambiente.

Diasabra ultimo entre 7or pa 11or di mainta un cantidad grandi di persona, un total di 541 auto, a bin haci uzo di e oportunidad pa trece desperdicio pa procesamiento. A logra colecta 79 baki di desperdicio separa cual entre nan desperdicio di construccion, metal, e-waste, greenwaste, bulk-waste, taira y hasta carton.

Ministerio di Naturalesa ta sumamente contento cu e cantidad significativa di desperdicio cu a ser colecta y awor lo por wordo procesa debidamente. Esaki ta desperdicio di cual un gran parti por a termina den nos naturalesa.

E recepcion excepcional di Baki den Bario ta un muestra cu nos comunidad ta dispuesto pa adopta practicanan sostenibel. Separacion di desperdicio ta un concepto relativamente nobo den nos comunidad y ta algo cu lo tuma

cambio di mentalidad pa por implementa structuralmente.

Minister Arends ta recorda tur esnan cu ta desea di haci uzo di Baki den Bario pa haci e preparacionnan necesario den dlanan prome cu e evento. Di e manera ki por evita pa yega laat na e evento y no logra deposita desperdicio. Esnan cu a prepara bon di antemano a logra pasa Baki den Bario mas cu un biaha entre 7'or pa 11or di mainta.

Tambe un recordatorio cu durante cada evento di Baki den Bario lo tin un stand di FPNC (Fundacion Pa Nos Comunidad) unda cu lo acepta articulonan den bon estado cu por haya di dos uzo cerca un doño nobo. Articulonan acepta ta, entre otro, mueble, paña y co'i hunga.

Adicionalmente, Serlimar lo tin un stand unda su clientenan por bin regla nan cuenta di pago y solicita transportacion di nan desperdicio den caso cu no por trece nan mes. E servicio di transportacion di desperdicio tambe ta telefonicamente.

E siguiente edicion di Baki den Bario lo tuma lug a dia 4 di November den districto di Savaneta na Veld di Undesa y lo continua te dia 16 di december 2023 den diferente otro districto.

Pa mas informacion tocante e desperdicio cu ta wordo acepta y e fechanan por bishita <https://trashtocasharuba.org/limpilimpi>

Rosario Bibbo 27 di october na Alto Vista

Diabierna awo, 27 di october, lo tin otro Rosario Bibbo na kapel di Alto Vista cuminsando pa 7or y mey di anochi.

Luna di october, luna dedica na Mama Maria, ta terminando y lo a un bon ocasion pa reuni na kapel di Alto Vista pa gradici pa tur fabornan ricibi. Y tambe pa pone tur nos preocupacionnan na pia di nos Birgen di Alto Vista, pa pidi su yudansa.

Durante luna di october instancianan a pidi pa mas consci-

entisacion di diferente enfermedad cu e ser humano ta confronta manera Alzheimer, cancer di pecho, atake di curason etc. Ta momento tambe pa nos pidi yudansa y guia spiritual pa por duna sosten na esnan cu ta sufri di cualkier malesa pa nan haya sanacion na curpa y alma y tambe animo pa esnan cu tin cu cuida un of mas enfermo.

Un invitacion general pa hoben y adulto pa asisti na e Rosario Bibbo pa luna di october diabierna awo 27 di october pa 7:30 di anochi na kapel di Alto Vista.

AHATA ta duna sosten na enseñansa cu donacion pa curso di Bartender di EPE

Aruba Hotel and Tourism Association (AHATA) ta sigui cu nan compromiso pa inverti y apoya e sector di enseñansa cu un donacion na e curso di Bartender di Enseñansa pa Empleo (EPE). E donacion aki ta consisti di material nobo di calidad halto cu lo eleva e programa y beneficia mas o menos 140 alumno anualmente.

Como un asociacion di dunado di trabou cu ta priorisa e sostenibilidad di Aruba su turismo y economia, AHATA ta activamente trahando riba varios iniciativa pa haci enseñansa di calidad den e sector di hospitalidad mas accesibel pa nos comunidad. E contribucion aki ta parti di e esfuerzonan continuo di e asociacion pa apoya alumnonan y atende na e demanda di e mercado laboral.

E donacion a ser presenta pa Sra. Tisa LaSorte, Presidente y CEO di AHATA, na Sr. Javier Croes, maestro di e curso di Bartender, ken ta actualmente F&B Manager di Renaissance Wind Creek Resort. Directora interno di EPE, Sra. Sabine de Groot y Programma Coordinator HORECA di EPE, Sr. Francis Trimon, tambe tawata presente pa e ocasion.

AHATA ta remarca e importancia di enseñansa accesibel y di calidad, mirando cu servicio excepcional ta e pilar di e exito di nos industria turistico. E asociacion lo sigui busca mas oportunidad pa inverti y aporta na varios instituto di educacion na Aruba, pa asina sostene e futuro generacion di profesionalnan den e sector di hospitalidad.

Homber cu a kibra auto y maltrata doño deteni

Diadomingo, pa mas of menos 2'or y 5 di atardi, central a manda patruya na altura di AMC Unicon den Lagoweg, caminda cu lo tabatin un acto di vandalismo y un problema.

Eynan a papia cu un homber, kende a declara entre otro cos, cu pa 5'or di mainta, el a para su auto preto, un Suzuki Swift, den e parkeerplaats pabao di AMC Unicon. El a laga e auto intacto.

Aproximadamente pa 7'or di mainta, un amigo a yam'e y a bise cu algun desconoci a kibra e bentananan dilanti y patras di su vehiculo. Tambe e homber a declara cu el a bay comproba di biaha y a mira berdad e destruccion, fuera di esey a bora su tairanan dilanti y patras.

Despues cu el a bay cas, el a tuma contacto cu doño di e cas pa inform'e di e suceso. E homber a declara tambe cu pa mas of menos 2'or, el a reuni cu esun encarga cu e bar, kende a must'r'e riba su cel grabacion di e video di su auto siendo obheto di vandalismo.

Na momento cu e doño di e auto a sali for di e bar, el a

bin topa cu e mesun homber cu el a mira den e grabacion kibrando e spielnan di su auto y borando e tairanan.

Na momento cu el a bay confronta cu e individuo, esaki a dal e cu mokete sin motibo. E homber a señala na polis un homber cu el a caba di agredi'e y kibra su auto e mesun mainta. Polis a constata c e bentananan patras y dilanti tabata kibra y tur cuater taira baha. A base di esaki, a detene e sospechoso L, na altura di AMC Unicon den Lagoweg, relaciona cu e incidentenan. A pone central na altura.

Prome Minister a atende e di dos 'Sub National Island Jurisdiction Conference' na UA

Participantenan di paisnan grandi presente ta un muestra cu tin interes den e desaroyo di Aruba

Diamars mainta, Prome Minister Evelyn Wever-Croes tabata presente na Universidad di Aruba pa atende e di dos 'Sub National Island Jurisdiction Conference'. Durante su discurso, Prome Minister a indica cu Aruba, memey di tur otro crisis, ta atendiendo cu e crisis di cambio climatico. E diferencia ta cu e crisis di cambio climatico no ta asina visible, manera covid, of un guerra, y no ta dal e pais direct, sino poco poco.

Na Aruba tin temporadanan hopi largo di segura y despues ta bin un tempo intenso di awasero, cu ta causa awendia mas daño cu antes. E careteranan ta den mas mal condicion, pasobra e cambio climatico ta kibra loke tin, cu e resultado cu Gobierno lo mester inverti mas placa pa drecha nan. E preocupacion mas grandi ta e beachnan cu ta un di e factornan importante, ya cu esey ta loke ta trece nos turistanan, cu ta genera entrada pa pais Aruba. E beachnan ta wordo afecta door di uzo di hopi hende, pero tambe di cambio climatico.

Prome Minister a indica cu cambio climatico tin retonan grandi, y p'esey ta necesario pa tin un Gobierno cu vision. Pa atende miho cu e tematica aki, Gobierno a institui e comision 'Climate Change Council, encabesa pa Minister Ursell Arends. E comision ta encarga pa bin cu proposicionnan, di con ta bay atende cu e problematica aki. Ministerio di Infraestructura, tambe ta adaptando e leyman, reglanan, y diferente maneho pa atende cu cambio climatico, y pa tene cuenta cu ora ta construi den futuro, ta existi un poco mas.

"Mi kier reitera cu Gobierno ta atendiendo cu e crisis aki, y ta consciente cu tin algun cos cu mester wordo adapta. E

fundeshi di nos legislacion ta bon, pasobra e ta tene cuenta cu cambionan, pero ta importante pa percura pa cumpli cu e leyman. Mi ta felicita Universidad di Aruba cu e organizacion di e conferencia aki. Mi ta sumamente impresiona cu e nivel di e conferencia, mirando cu aunke e topico ta basa riba e islanan, toch tin participantenan di paisnan grandi presente. Esaki sigur ta un muestra, cu tin hopi pais interesa den e desaroyo di pais Aruba", Prome Minister a expresa.

Exitoso training en conexión cu Proyecto Barionan Unico

Organisa pa CEDE ARUBA – BARIÓ UNICO

Den cuadro di e proyecto BARIÓ UNICO, CEDE ARUBA a organisa su prome training especialmente diseñá pa miembronan di bestuur di e centronan di barío cu ta forma parti di e proyecto di BARIÓ UNICO. E invitación a wordo extendi tambe na e programmeleiders di e centronan di barío y algun otro fundación.

Centronan di barío cu ta forma parti di e proyecto ta: Centro di Barío (CdB) Dakota, CdB Brazil, CdB Lago Heights, CdB Santa Cruz, CdB Piedra Plat, CdB Savaneta, CdB Ayo, CdB Noord, CdB Playa Pabao, CdB Tanki Leendert y Centro Famia Piedra Plat.

Social-Economic Impact – Kico esaki ta y con e ta impacta nos barionan

MGM Source

Sra. Marielsa Croes, Managing Partner

Sra. Mw. Mendy Wever, Partner

E importancia di mercadeo.

Sr. Patrick Melchior, Destination Services Manager - Aruba Tourism Authority

Meta di e Proyecto BARIÓ UNICO ta pa reforza e centronan di barío, pa nan ta mas duradero y sostenibel, pa asina nan por sigui brinda yudansa den e barionan. Nan so no por carga e peso y responsabilidad aki. Nan mester di yudansa di nos tur. Ta p'esey tambe ta manda un invitación na tur instancia, habitantenan di Aruba pa ta parti di e movimiento di Community Building aki. Check cu e centro den bo barío con bo por yuda, participa na nan actividadnan, bira voluntario. Community building ta un responsabilidad di nos tur. Ban uni forza pa yuda e barionan di Aruba. Pa mas información encunto e proyecto aki por tuma contact via e-mail barionanunico@cedearuba.org of por yama CEDE ARUBA na number di telefon 582 7666. Muy pronto BARIÓ UNICO conhuntamente cu e Centronan di Barío lo inaugura nan website cu lo brinda mas información tocante e proyecto y e centro di barío. Bo ta cla pa duna bo aporte?

Nos ta discrimina sin sa?

Discriminacion ta un problema generalisa cu a plaga e sociedadnan durante varios siglo. Aunke e actonan flagrante di prehuicio ta ampliamente condena, ta existi un forma mas sutil y notorio di discriminacion cu hopi biaha ta pasa sin cu hende sa. Den e articulo aki nos ta explora e diferente formanan di discriminacion cu ta persisti den nos mundo y ta haci nos un pregunta crucial: Nos ta discrimina sin sa?

E DIFERENTE CARANAN DI DISCRIMINACION

Discriminacion ta adopta diferente forma, cu hopi biaha ta crusa den otro. E por basa riba rasa, sexo, edad, religion, orientacion sexual of incapacidad, entre otro. Algun di e formanan aki ta flagrante, mientras cu otro ta profundamente inculca den nos pensamiento, comportacion y institucion.

PREHUICIO IMPLICA

E concepto implicito, tambe conoci como concepto inconsciente, ta referi n'e dificultadnan of stereotipo cu ta afecta nos comprension, accion y decision di forma inconsciente. E prehuicionan por hiba nos na faborece involuntariamente na un grupo compara cu otro, aunke nos ta rechasa conscientemente e discriminacion.

MICROAGRESION

Microagresion ta comportacion of comentario sutil, hopi biaha sin kier, cu ta transmiti mensahe despectivo of negativo na grupo margina. Por basa riba rasa, sexo of otro característica y ta perpetua e discriminacion sin cu e autor ripara.

DISCRIMINACION STRUCTURAL

E institucion y e sistemanan por perpetua discriminacion, hasta sin intencion explicito. E discriminacion structural aki

por ta hinca den maneho, practica of norma cu ta afecta di forma desproporciona na grupo determina. Ta e resultado di prehuicio historico y desigualdad sistematico.

MEDIO DI COMUNICACIO Y STEREOTIPO

E medionan di comunicacion ta hunga un papel importante den e formacion di percepcion y refuerzo di estereotipo. E representacion di cierto grupo di forma estereotipo por perpetua e discriminacion. Hasta e medionan di comunicacion cu bon intencion por tin biaha cay den e trampa aki sin sa.

DISCRIMINACION EDUCATIVO

Discriminacion tambe por manifesta den e sistema educativo, afectando e acceso y e oportunidad di e gruponan margina. E desigualdad di recurso, e prehuicionan di e docentenan y e plannan di estudio cu falta di diversidad ta solamente algun ehempel di con discriminacion por introduci den scol.

E CAMINDA P'E CAMBIO

Reconoce cu discriminacion ta existi, hasta den e formanan mas sutil y inconsciente, ta e prome paso pa combati'e. Nos mester participa activamente den e autoreflexion, informa riba e prehuicionan y cuestiona e structura y e sistemanan cu ta perpetua discriminacion.

Discriminacion, ya sea manifesta of scondi, ta un problema profundamente integra cu ta afecta e sociedadnan rond mundo. Ta crucial pa nos reconoce cu nos por discrimina sin sa y pa nos tuma medida proactivo pa combati e problema aki. Fomentando conscientisacion, comprendiendo nos prehuicionan y bogando pa igualdad di trato, nos por lucha pa un mundo mas inclusivo y husto caminda discriminacion no tin luga.

E 'Anochi di Formacion Profesional' na Colegio Arubano tabata un exito grandi

Siman pasa Colegio Arubano a organisa e Anochi di Formacion Profesional pa su alumnonan di bovenbouw. Durante e anochi aki e participacion tabata hopi halto. E evento inspirado aki, unda mayornan tambe tabata bonbini, a bira posibel danki na colaboracion estrecho di e decanonan di Colegio Arubano, e fundacion WeConnect, Interact CA, Key Club di CA y demas boluntario.

E anochi di Formacion Profesional a ofrece e studiantenan un cantidad di informacion y inspiracion, unda un cantidad di orador y organisacionnan boluntariamente a duna informacion na e futuro generacion. Obhetivo di e anochi aki tabata pa yuda e alumnonan di Colegio Arubano explora diverso opcionnan profesional y obtene e pasonan pa haci bira realidad nan soño y meta. Durante e anochi a ofrece diferente informacion tocante e diversidad di trayectorianan cu tin y a duna e alumnonan e oportunidad di siña directamente di e profesionalnan cu diferente especialidad.

Segun sra. Richeilla Wijgaarde, decano di Colegio Arubano: *"E organisacion di un anochi di formacion profesional ta un expresion di nos compromiso permanente pa e crecemento y desaroyo educativo di nos studiantenan na Colegio Arubano. E anochi di formacion profesional a nace despues di constata cu hopi di nos alumnonan ta enfrente decisionnan importante relaciona cu nan estudio avansa y eleccion di nan carera profesional. E ta un etapa critico den nan bida, unda nan mester orienta riba e variedad di opcionnan cu mundo tin pa ofrece. Nos kier proporciona na nos alumnonan e hermentnan y informacion necesario pa nan tuma e decision fundamental tocante nan futuro."*

Colegio Arubano ta expresa su sincero gradicimento na e cantidad di partnernan, oradornan y coleganan cu a contribui na un anochi di exito sin precedente, e reciente anochi di formacion profesional. Nos ta especialmente orguyoso cu mayoria di nos oradornan ta ex alumnonan di Colegio Arubano y ta gradici nan sinceramente pa nan disposicion di bolbe y comparti nan experencianan profesional y vital cu nos alumnonan actual. Colegio Arubano y tur partner cu a participa a keda encanta cu e exito grandi di e Anochi di Formacion Profesional y ta spera di por continua cu e iniciativa aki den futuro.

Custumbernan matutino pa potencia bo dia

Mainta ta marca e tono p'e resto di bo dia. Si bo incorpora custumber positivo na bo rutina di tur mainta, bo por dinamisa bo dia, aumenta bo productividad y mehora bo bienestar general. Aki bo tin cinco custumber matutino pa cuminsa e dia cu bon pia.

Lanta trempan: Cuminsa e dia lantando trempan. E custumber aki ta permiti bo dispone di un tempo trankil y sin interrupcion pa bo. E prome oranan di mainta sa ta esunnan mas trankilo di dia, loke ta convirte den un oportunidad excelente pa autoreflexion, meditacion of simplemente pa disfruta di un copi koffie of te den soledad.

Ehercicio y movimiento: incorpora actividad fisico na bo rutina matutino por ta un profundo impacto den bo nivelnan di energia y den bo salud en general. Ya sea jogging, yoga of un entrenamiento completo, pone e curpa den movimiento mainta por stimula e metabolismo, aumenta e estado di alerta y mehora e estado di animo.

Desayuno saludabel: Hopi biaha ta bisa cu desayuno ta e cuminda mas importante di dia y pa un bon rason. Un desayuno nutritivo ta aporta n'e curpa e nutrientenan esencial y e energia necesario pa cuminsa e dia cu bon pia. Opta pa un desayuno balansa cu ta inclui cereal integral, proteina y fruta of berdura. Evita cereal cu sucu of pastry, ya cu por provoca bahamento di energia a lo largo di e dia.

Atencion pleno y meditacion: Tuma algun minuut tur mainta pa practica mindfulness of meditacion. E custumber aki por yuda bo despeha bo mente, reduci stress y mehora bo concentracion. Bo por cuminsa cu ehercicio simpel di respiracion profundo of sesion di meditacion cu guia. Cultiva un mente trankil y central na principio di dia por establece un tono positivo p'e oranan cu ta sigui.

Establecimiento di obhetivo: Cuminsa e dia fihando obhetivo y intencion cla. Dedicar un momento pa analisa loke bo kier logra durante dia. Ya ta trata di tarea relaciona cu trabao, obhetivo personal of acto di bondad, tin un plan por yuda bo mantene bo organisa y motiva. Haci un lista di tarea of uza un dagboek pa tene un registro di bo obhetivonan diario.

Incorpora e custumbernan matutino aki den bo rutina diario por proporciona bo un base solido pa un dia productivo y satisfactorio.

Aunke e por hiba algun tempo establece e custumbernan aki, e beneficio, manera aumento di energia, reduccion di stress y e mehoracion di concentracion, merece e esfuerzo. Cuminsa introduci un of dos di e custumbernan aki y añadi mas gradualmente pa crea un rutina matutino completo adapta na bo preferencia y necesidadnan. Mehora bo dia, mainta pa mainta.

Inscripcion pa curso di PDG-11 a habri!

E curso di PDG di IPA ta bek!

Asina mes! PDG ta habri su inscripcion pa por sigui PDG-11. E curso di Certificacion Pedagogico Didactico (PDG-11) ta un curso parcial pa e profesionalnan cu kier ta competente den e profesion di docente of educador.

Abo of un conoci di bo ta cla pa un cambio di carera? Semper bo tabatin aspiracion pa aporta na enseñansa? Bo tin afinidad y interes pa traha y yuda den e desaroyo di mucha y hoben? E ora ta PDG-11 di IPA ta na unda bo mester ta!

Trintinuebe pais a expresa nan interes pa uni na BRICS den 2024

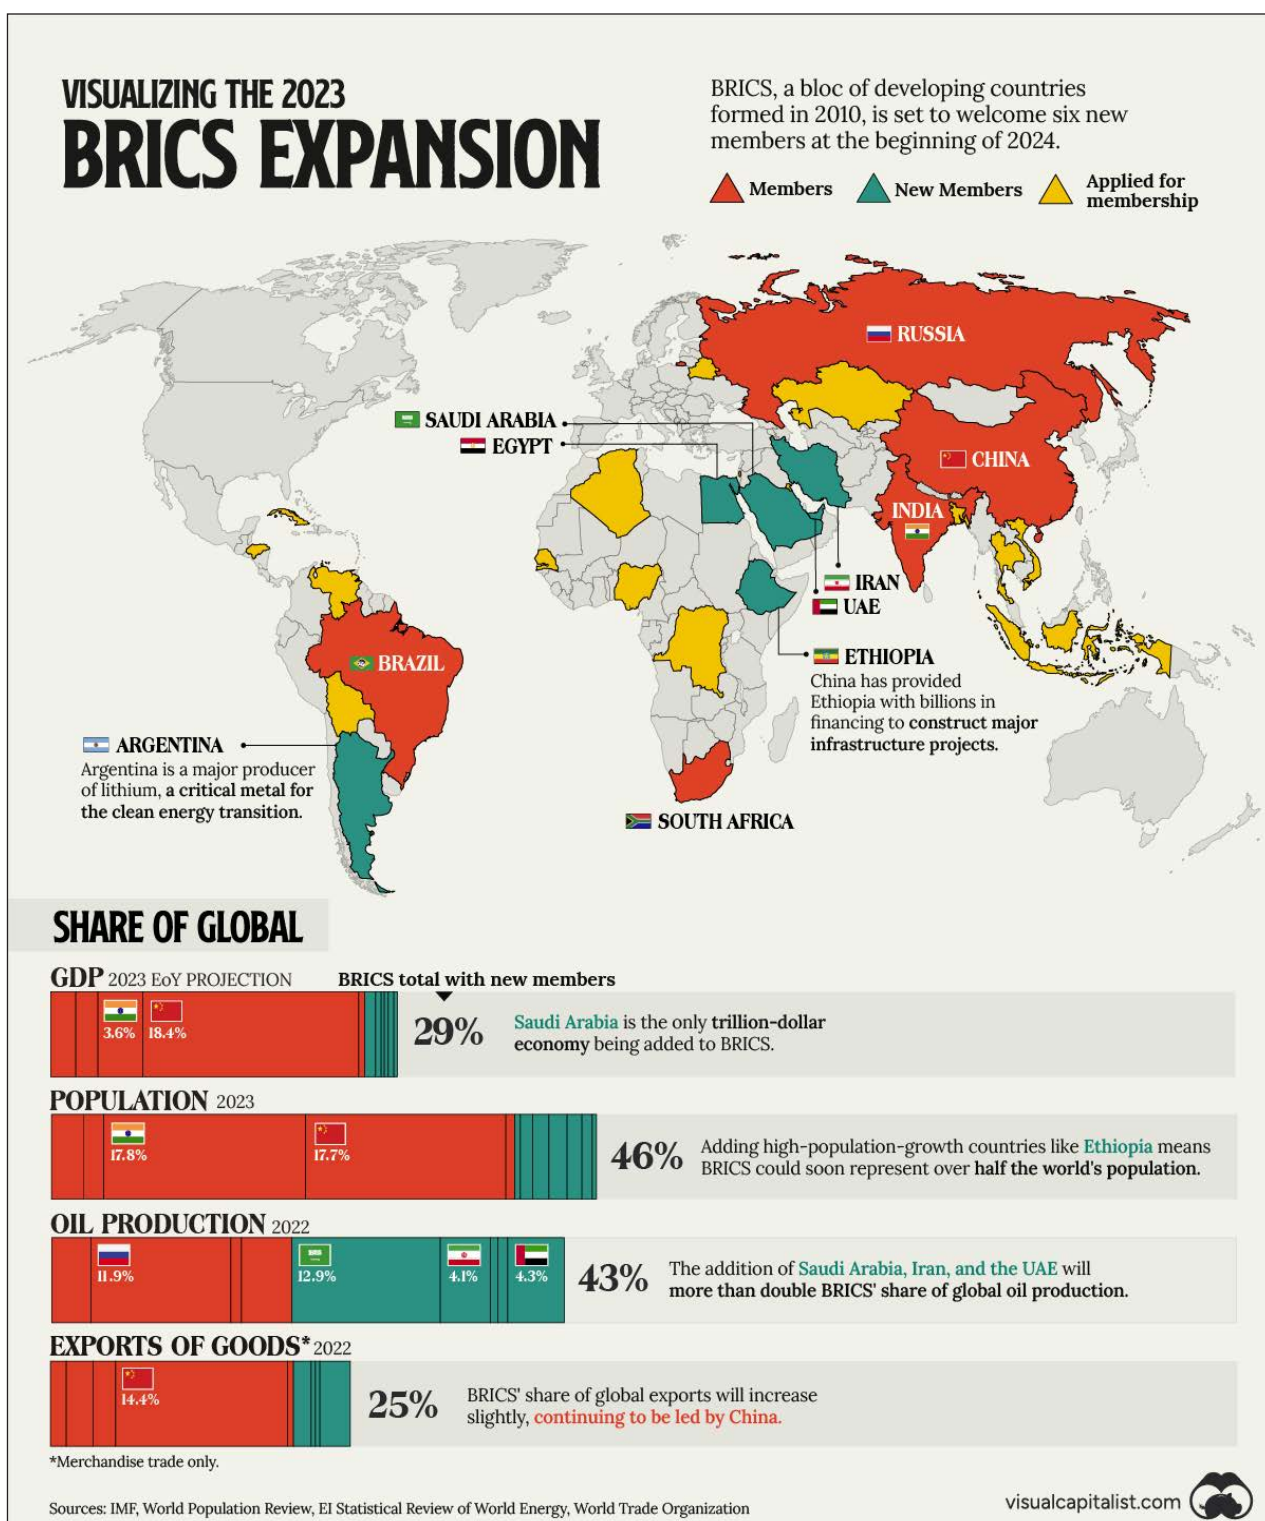

E aliansa BRICS a trece un gran atencion internacional, cu 45 pais expresando nan interes pa uni n'e influyente grupo aki. Durante e di 15 cumbre di BRICS, cu a tuma luga na Johannesburg na augustus, e organisacion a dicidi di amplia su cantidad di miembro cu e incorporacion di seis pais nobo di e 45 peticionnan ricibi. E historico ampliacion ta inclui pais cu tanto a presenta formalmente nan solicitud como cu nan a expresa informalmente nan interes di drenta den BRICS. Ta spera cu e miembronan nobo, Saudi Arabia, Iran, Argentina, Egipto y Etiopia, uni oficialmente n'e aliansa den 2024.

Aunke ta probabel cu mayoria di e nacionnan aki acepta e invitacion, tin indicacion cu Argentina por reconsidera su decision di uni na BRICS. E indecision di e pais tin su origen den un serie di factor specifico di su interesnan nacional.

Fuera di e seis miembronan nobo aki, otro 39 pais ta sigui comprometi cu e idea di uni na BRICS y no ta hala atras di nan aspiracion. E nacionnan aki ta confia cu e aliansa por amplia ainda mas durante e proximo cumbre di BRICS premira pa augustus di 2024 na Kazan (Rusia).

E perspectiva cu e otro paisnan uni na BRICS den 2024 ta yamando e atencion di tur hende. Aunke e grupo no a revela oficialmente su futuro plannan di expansion, e interes di tanto nacion ta señal di e importancia perdurabel mundial di aliansa.

Entre e paisnan cu por uni na BRICS na 2024 tin Argelia, Afganistan, Bahrein, Bangladesh, Bielorusia, Bolivia, Comoras, Cuba, Republica Democratico

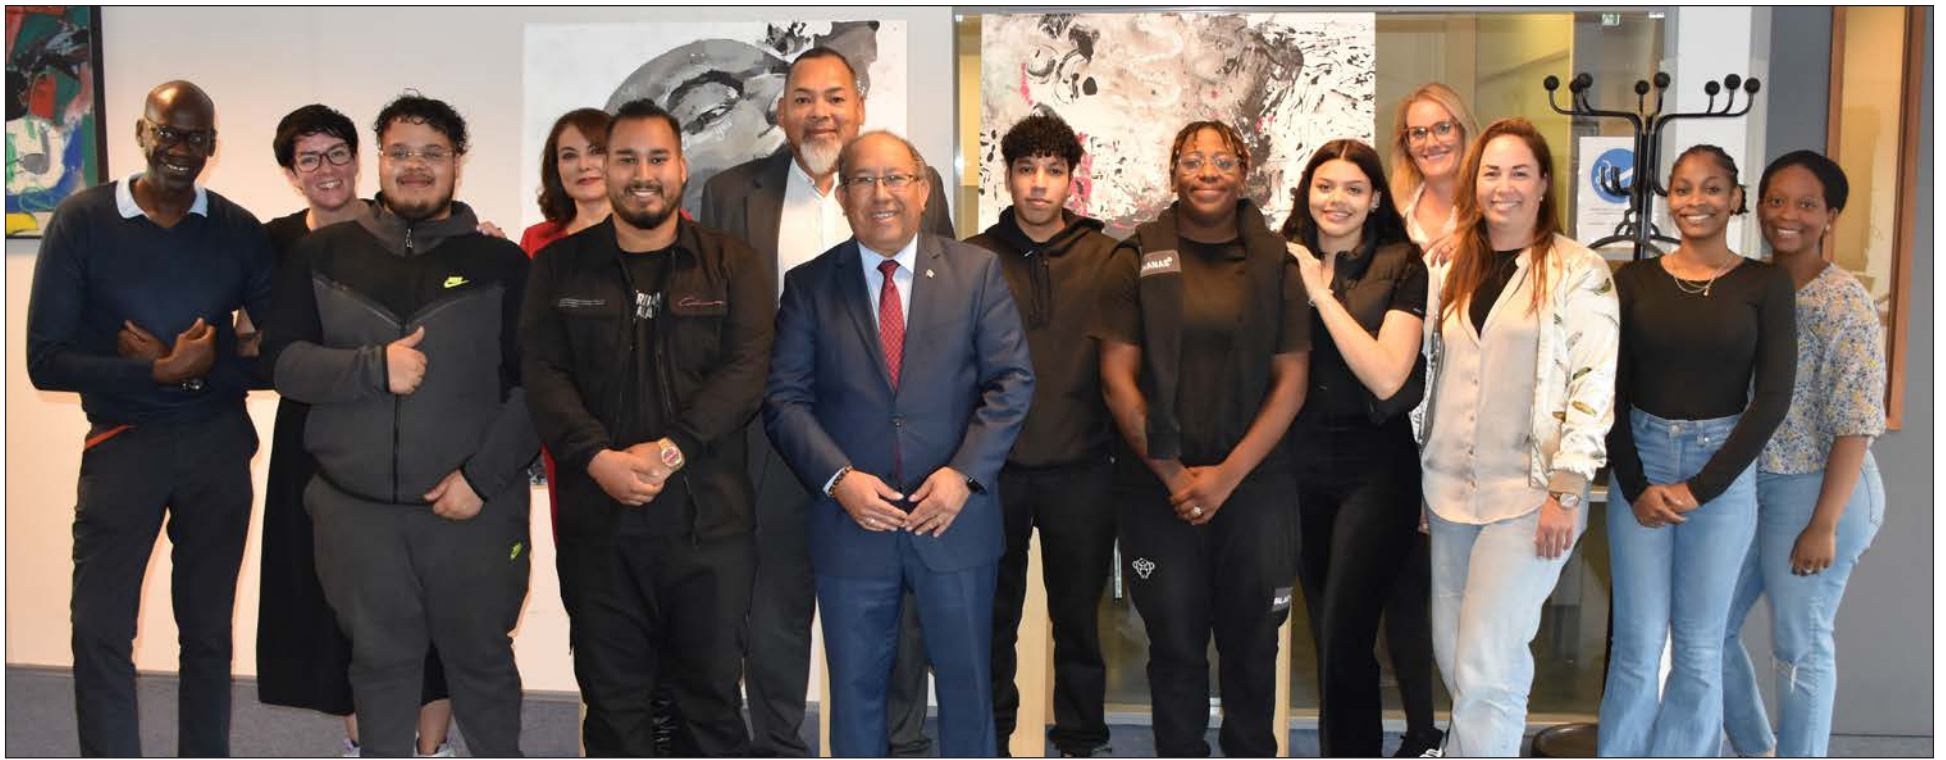

di Congo, Gabon, Honduras Indonesia, Kazachstan, Kuwait, Mexico, Maroco, Nicaragua, Nigeria, Pakistan, Palestina, Senegal, Sudan, Siria, Tailandia, Tunesia, Turkia, Uruguay, Venezuela, Vietnam y Zimbabwe, entre otro. Nan posibel entrada den BRICS no solamente por nifica un cambio geopolitico importante, sino tambe tin implicacion p'e panorama financiero mundial, ya cu BRICS a bin ta explora manera pa reduci e dependencia di e dollar Mericano.

E evolucion aki ta pone di relieve e creciente atractivo y influencia di BRICS riba escena mundial, mientras cu e paisnan di diferente region ta expresa nan deseo di uni na e aliansa aki.

E expansion por conduci na un orden mundial mas multipolar, caminda cu e bloke di BRICS ta hunga un papel cada biaha mas destaca. E cumbre di BRICS di 2024 ta priminti di ta un acontecimiento crucial cu lo marca e futuro di e aliansa y di e geopolitica mundial.

Minister Thijsen a bishita De Nieuwe Kans na Rotterdam

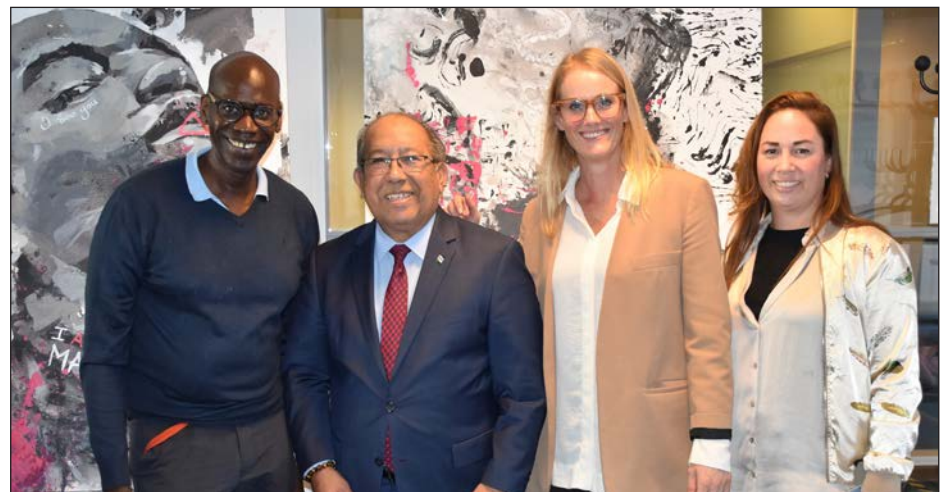

DEN HAAG – Minister Plenipotenciario mr. Ady Thijsen a haci un bishita oficial na “Stichting De Nieuwe Kans (DNK)” na Rotterdam. E mandatario a wordo ricibi pa Roy Lints, un Arubiano cu ta trahado social pa DNK y directora di DNK Jasmijn Verhage.

Durante di e bishita directora Verhage a bisa di ta contento cu bishita di Minister Plenipotenciario di Aruba Thijsen na e localidad di DNK na Rotterdam. Den su presentacion breve el a duna un splicacion kico DNK su tarea ta y con e organisacion ta hinca den otro y tocante nan trabaonan cu hobennan. Tambe na e encuentro aki tabata tin algun hoben di Aruba, St. Maarten y Surinam cu na un manera hopi honesto y habri a papia riba nan situacion personal y con DNK ta brinda yudansa y sosten na nan.

Dr. Laura van Duin a tene un presentacion riba su tesis cu ela promove na Vrije Universidad di Amsterdam cu ta hiba e titulo “*The complex road of young adults with multiple problems*”. Sra. Van Duin a bisa cu e investigacion a cuminsa cu un pregunta for di DNK cu tabata tin e necesidad pa tin un bista mas amplio kico ta biba bou di e grupo aki. Unico na e investigacion di Van Duin ta cu e ta concentra riba hoben entre 18 y 27 aña, cu tabata tin un infancia basta dificil y cu awor ta adulto ainda ta enfrenta problema door di esaki.

Minister Thijsen di su banda a gradici DNK pa a brind’e e posibilidad pa pone su mes na altura di e iniciativanan aki na Rotterdam cu ta unico na Hulanda. Tambe por mira unda por traha hunto cu Arubahuis pa yuda nos hobennan cu e scoge pa bin Hulanda of a nace akinan y mester di e guia necesario pa logra den bida.

DNK pues ta un fundacion unicamente pa personanan cu ta di Rotterdam. Nan ta brinda terapia durante di dia na

hobennan mayor di 18 aña, cu activamente kier traha na mehoracion di nan situacion. Tin coachnan individual cu ta yuda e hobennan pa cambia y drecha nan bida. Finalmente ta e hoben mes lo mester haci esaki, pero nan mester compronde cu esaki ta necesario. Hopi di nan ta hobennan cu problema: of nan no a caba scol, no tin trabao y asina nan no tin ningun afiliacion cu e comunidad den cual nan ta biba. DNK ta duna nan curso y training pa asina e hobennan por bay scol bek of haya un trabao. E fundacion tin contacto cu doñonan di trabao cu ta dispuesto pa yuda y duna e hobennan aki un chens pa traha.

Salmón Relleno De Tomates Secos

Los bolsillos de salmón rellenos son una idea novedosa y genial que impresionará a tus invitados con su apariencia y sabores. Pruébalo con mi crujiente ensalada de coles de Bruselas con el aderezo ligeramente dulce y cítrico que combina tan bien con el salmón relleno chamuscado.

Receta

TIEMPO PREVIO: 20 minutos
HORA DE COCINAR: 10 minutos
TIEMPO TOTAL: 30 minutos
3 SERVICIO

Ingredientes:

Salmón
23 filetes de salmón (6-7 oz)
1/4 cucharadita Sal
1/4 cucharadita Pimienta
cocinar el salmón
1 cucharada Aceite

Relleno

1/3 taza de queso crema
1/4 taza de albahaca, en juliana
1/4 taza de tomate seco, en juliana
2 cucharadas parmesano
1 cucharada Polvo de ajo

Vendaje

1 cucharada Dijon
2 cucharadas Vinagre de manzana
1 cucharada miel de maple
1/3 taza de aceite de oliva
1/8 cucharadita. Pimienta
1/8 cucharadita. Sal

Ensalada

1 libra de coles de Bruselas
1/2 taza de parmesano
1/2 taza de arándanos
1/2 taza de semillas de girasol
1/4 taza de chalote
1/2 c/u Manzana (Fuji o Honeycrisp)
2 cucharadas Jugo de limon
1/2 taza de agua

Guarnición

1/2 c/u Jugo de limon
parmesano

Direcciones:

1 - Colocar el salmón de lado para que a nuestro corte le resulte más fácil hacer nuestro bolsillo para rellenar. Tenga cuidado de no cortar completamente el salmón o quedará más desordenado. Agrega sal y pimienta por ambos lados.

2 - En un bol combinaremos nuestro queso crema (cuanto más suave mejor), tomates secos en rodajas, albahaca, parmesano y ajo en polvo. Rellenamos con cuidado nuestro salmón con la mezcla y reservamos para su posterior cocción.

3 - Ahora vamos a hacer nuestro aderezo para nuestra ensalada de coles de Bruselas. De esta manera podemos dejar que todos los sabores se empapen entre sí. Esto es muy sencillo y rápido, vamos a batir nuestro jarabe de arce, mostaza dijon y vinagre de manzana, y sal y pimienta. Luego agregue lentamente nuestro aceite, cubra y reserve.

4 - Comience a cortar las manzanas en rodajas finas y agréguelas a la mezcla de agua y limón para evitar que se doren. Corte todos los tallos de las coles de Bruselas y agréguelas al robo coup hasta obtener un buen producto rallado. Agrega los arándanos, las semillas de girasol, las chalotas y las manzanas (en el limón). Mezclar todo en un bol y aliñar con la cantidad deseada.

5 - Calienta una sartén antiadherente con aceite hasta que humee. Agrega con cuidado el salmón y cocina cada lado durante 4-5 minutos. Cuando termine de cocinar, exprima limón encima de cada filete.

6 - ¡Plata y disfruta!

Fortaleza pa Famia

Orguyo ta nifica: Eleva bo opinion riba e autoridad di Dios

ESEY ta tur locual ta orguyo, y esey ta locual Dios ta odia, caminda hende ta pensa cu nan por kibra tur ordo cu Dios a establece, haci locual cu nan kier, haci cambio den identidad, genero, sexo, rebaha e creacion di Dios, pasobra ta esey diabel kier logra cu orguyo, biba den rebeldia, sin somete, sin temor di Dios, y riba tur cos haci bofon y desobedece e palabra di Dios.

Bijbel tin masha hopi versiculo cu ta papia di orguyo, caminda ta demostra cu tur luho y detaye cu Orguyo un abominacion dilanti di Dios.

E temor di Señor ta pa odia maldad, orguyo, arrogancia y mal caminda, y un boca perverso mi ta odia (Proverbionan 8:13).

Ora cu orguyo bin, deshonor tambe ta bini, ma sabiduria ta cerca e humildenan (Proverbionan 11:2).

Cada hende cu ta orguyoso di curason ta un abominacion pa Señor, siguramente e lo no keda sin castigo (Proverbionan 16:5).

Orguyo ta bin prome cu destruccion y un spirito arrogante prome cu caida (Proverbionan 16:18).

Orguyo di un hende lo rebah'e, ma esun cu ta di spirito humilde lo ricibi honor (Proverbionan 29:23).

Pasobra e malvado ta gaba di e deseo di su curason, e ta bendiciona hende golos y ta desprecia Señor. E malvado cu su cara yen di orguyo, no ta busca Dios, Tur su pensamiento ta: No tin Dios (Salmo 10:3-4).

P'esey escritura ta bisa: Dios ta resisti e orguyoso, ma ta duna gracia na e humildenan. Santiago 4:6).

Dios ta resisti e orguyoson pa demostra cu nan tin mester di Dios. P'esey e palabra di Dios ta bisa: Humiya boso mes anto, bao di e man poderoso di Dios y e lo halsa boso na e tempo apropia (1 Pedro 5:6).

Awor kico ta bal un hende pa carnalmente gana un bataya aki na tera den bista di hende cu apoyo di ley, y perde bida eterna den cielo, y wordo destina pa condenacion eterno den fierno?

Pasobra palabra di Dios ta mustra nos den Romanonan 1: 28 kico lo pasa cu hende orguyoso: Y mescos cu nan no a haya necesario pa reconoce Dios, Dios a entrega nan na un mente perverso pa haci cosnan cu no ta cumbini.

Y nos tur por lesa kico ta e cosnan cu ta bini riba nan, cual ta un bida completamente desordena leu for di felicidad.

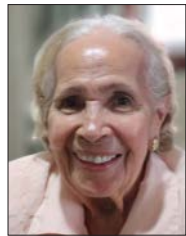

Satanas ta un mentiroso, pasobra e ta keda pusha hende den e caminda di orguyo cual ta un caminda di maldad, inmoralidad y separacion for di Dios. Esey ta locual cu e kier logra, pasobra su plan ta pa horta, mata y destrui.

E unico forma cu un hende por sali for di un bida di orguyo y arrogancia, ta door di arepentí y entrega su bida completamente na Cristo. Palabra di Dios ta bisa si nos confesa nos pica, Dios ta fiel y husto di pordona nos, nos picanan y libra nos di tur inhusticia.

Ta tempo pa tur hende realisa, cu orguyo no tin nada aden cu por yuda bo crece den Señor, pasobra no lubida cu ta existi orguyo y arrogancia spiritual, caminda hende cu conoce Dios keto bay ta comporta nan mes manera pagano of manera mucha chikito discriminando, y terciendo division den e curpa di Cristo.

Di berdad cu Dios no kier tin nada di haber cu orguyo, pasobra pa motibo di orguyo Dios a tira satanas for di cielo, hunto cu un tercera parti di angel cu a wordo contamina cu mesun orguyo.

Orguyo ta dañá tur nos relacion cu Dios.

Señor ta mi luz y salvacion ps. 27-1

Cu hopi dolor, pero agradecido pa tur loke el'a significa pa nos cu su eterno sonrisa, nos ta participa fayecimiento di nos querida tanta y tanta grandi:

Celia Deborah Maduro

**INSTALLATION OF NEW
STREET LIGHTS IN CAYA
BETICO F. CROES
FOR ENHANCED
SAFETY HAS BEGUN**

Installation of New Street Lights in Caya Betico F. Croes for Enhanced Safety has begun

ON Tuesday, October 24th, the Department of Infrastructure and Planning (DOW) began the project of installing new and additional street-lights in Caya Betico F. Croes. This installation includes 50 new light poles, replacing existing ones that are not functioning properly.

Minister of Economic Affairs, Mr. Geoffrey Wever, is pleased to see the start of this lighting project, as it has been in the planning for some time. The minister explained that the revitalization project for Oranjestad encompasses various initiatives that, when combined, should have a positive impact on the city center. Both San Nicolas and Oranjestad prioritize lighting and safety as crucial aspects, which is why they decided to address this challenge immediately. To improve safety and make Caya Betico F. Croes more inviting at night, an investment of over 60,000 florins has been made in lighting.

In addition to lighting, there are other infrastructure projects planned and underway. One example is the Wilhelminastraat and Columbusstraat project, which will soon be completed. This project addresses accessibility, creates more public space, streamlines permits for street vendors, improves cleanliness, and expands parking, with the primary goal of enhancing the business atmosphere in the area.

Minister Wever acknowledges that there are various challenges to be addressed in the context of the area's revitalization and assures that they are receiving the necessary attention. They are working closely with different stakeholders to tackle short-term feasible projects while preparing for more long-term and sustainable ones.

The collaboration between the private sector and the government remains essential in realizing a revitalized city center with a focus on making Oranjestad a hub for gastronomy and living. The minister expresses gratitude to all those involved for their efforts and to the business community for their patience and understanding.

Community Champions:

Aruba's Service Clubs Make a Difference

IN the bustling heart of Aruba, a small but vibrant community, there are hidden champions diligently working behind the scenes. The Rotary Club, Lions Club, and Kiwanis Club are unsung heroes who dedicate their time and effort to support and uplift the community in numerous ways.

Aruba, a Island known for its friendly neighborhoods and close-knit community, thrives thanks to the collective efforts of its residents. While the acts of kindness of individuals often shine brightly, the contributions of service clubs play a pivotal role in addressing the various needs of the town.

Rotary Club: The Rotary Club of Aruba stands as a beacon of service and goodwill. From organizing health camps to providing scholarships for local

students, the Rotary Club's impact reverberates throughout the community. The club has been instrumental in beautifying public spaces, fostering a sense of unity among the residents, and extending a helping hand to those who need it most. Their commitment to the betterment of Aruba is evident in their tireless work, often behind the scenes, ensuring that the community's well being remains a top priority.

Lions Club: The Lions Club of Aruba, another pillar of the community, shines with its dedicated efforts to improve the lives of the island's residents. From sponsoring kids break-

fast packages to supporting local sports teams, the Lions Club is there to make a meaningful difference. Their dedication to providing educational resources and funding for community events goes a long way in enhancing the quality of life in Aruba. Their volunteer work extends far and wide, embodying the spirit of service that makes Aruba a remarkable place to call home.

Kiwanis Club: The Kiwanis Club of Aruba, often working quietly but effectively, plays a significant role in fostering the growth

and development of the community. From mentoring local

youth to supporting initiatives for the elderly, the Kiwanis Club embodies the idea that Aruba's prosperity is a shared endeavor. The dedication to fostering leadership skills among young residents and promoting community cohesion makes the Kiwanis Club an indispensable part of the town's fabric.

As residents of Aruba, it's important to recognize and appreciate the selfless service provided by these clubs. Their contributions, often unpublicized but deeply impactful, serve as the backbone of a stronger and more closely knit community.

These service clubs, Rotary, Lions, and Kiwanis, exemplify the very essence of Aruba – a community that comes together to make life better for all its residents.

The next time you see a local project that beautifies a park, supports a student's education, or lends a helping hand to those in need, remember that it might just be the work of the dedicated members of these service clubs.

To the Rotary Club, Lions Club, and Kiwanis Club of Aruba, we extend our heartfelt thanks for your unwavering commitment to our community's welfare. You are the unsung heroes who make Aruba a better place, and we are truly grateful for all that you do.

AHATA shows support to education by donating to the ‘Bartender Course’ at EPE

AHATA continues its commitment to investing in and

supporting the education sector with a donation to the Bartender course at the Employment for Education (EPE). This donation consists of high-quality new materials that will enhance the program and benefit approximately 140 students annually.

As an employment-generating association prioritizing the sustainability of Aruba’s tourism and economy, AHATA actively works on various initiatives to make quality education in the hospitality sector more accessible to our community. This contribution is part of the association’s ongoing efforts to support students and meet the demands of the labor market.

The donation was presented by Mrs. Tisa LaSorte, President and CEO of AHATA, to Mr. Javier Croes, the Bartender course instructor, who is currently the F&B Manager at Renaissance Wind Creek Resort. EPE’s Internal Director, Mrs. Sabine de Groot, and EPE’s HORECA Program Coordinator, Mr. Francis Trimon, were also present for the occasion.

AHATA emphasizes the importance of accessible and quality education, recognizing that exceptional service is the cornerstone of our tourism industry’s success. The association will continue to seek more opportunities to invest in and contribute to various educational institutions in Aruba, thus supporting the future generation of professionals in the hospitality sector.

-Reservation is required (reservations@aqua-grill.com)
-Wonderful raffle at the end of the night
A 15% service charge will be added to the bill

Dutch Government Criticized for Over-Focus on ICU Capacity During Pandemic

THE Dutch government's strategy during the COVID-19 pandemic has come under scrutiny for its heavy emphasis on short-term planning, particularly with regards to maintaining ICU bed availability and addressing immediate health concerns. The Dutch Safety Board, in its third and final report assessing the government's handling of the crisis from January 2020 to September 2022, expressed concerns over the government's persistent focus on the short term, despite the pandemic's evolution into a long-term crisis with wide-ranging societal consequences.

The report highlights the government's approach to treating the entire pandemic period primarily as a health crisis, with ICU bed occupancy being a primary reference point for decision-making concerning intervention and restriction measures. This approach was consistently applied throughout the crisis, even as it transitioned from an acute health crisis into a prolonged one, characterized by various societal implications.

The report underscores that the government's response was initially geared towards a singular health crisis. As the pandemic continued, other issues emerged, including post-COVID complications, healthcare system strain due to deferred treatments, and broader societal challenges. Yet, the government did not adapt its strategy to address these evolving aspects of the crisis.

The Dutch Safety Board recommends immediate measures to enhance the government's preparedness for handling protracted crises effectively. Furthermore, the board advises the government to increase transparency

regarding the dilemmas and decision-making processes underlying its crisis response. This increased transparency aims to foster understanding among the public regarding the government's risk assessments, values, interests, and policy choices, as public cooperation is pivotal in crisis management.

The board also recommends making crisis management a government-wide responsibility. Currently, the responsibility for crisis management falls under the Ministry of Health, Welfare, and Sport, in line with the approach of managing the crisis as a health emergency. However, as the pandemic evolved into a broader societal crisis, this limited approach impeded the effective inclusion of other stakeholders.

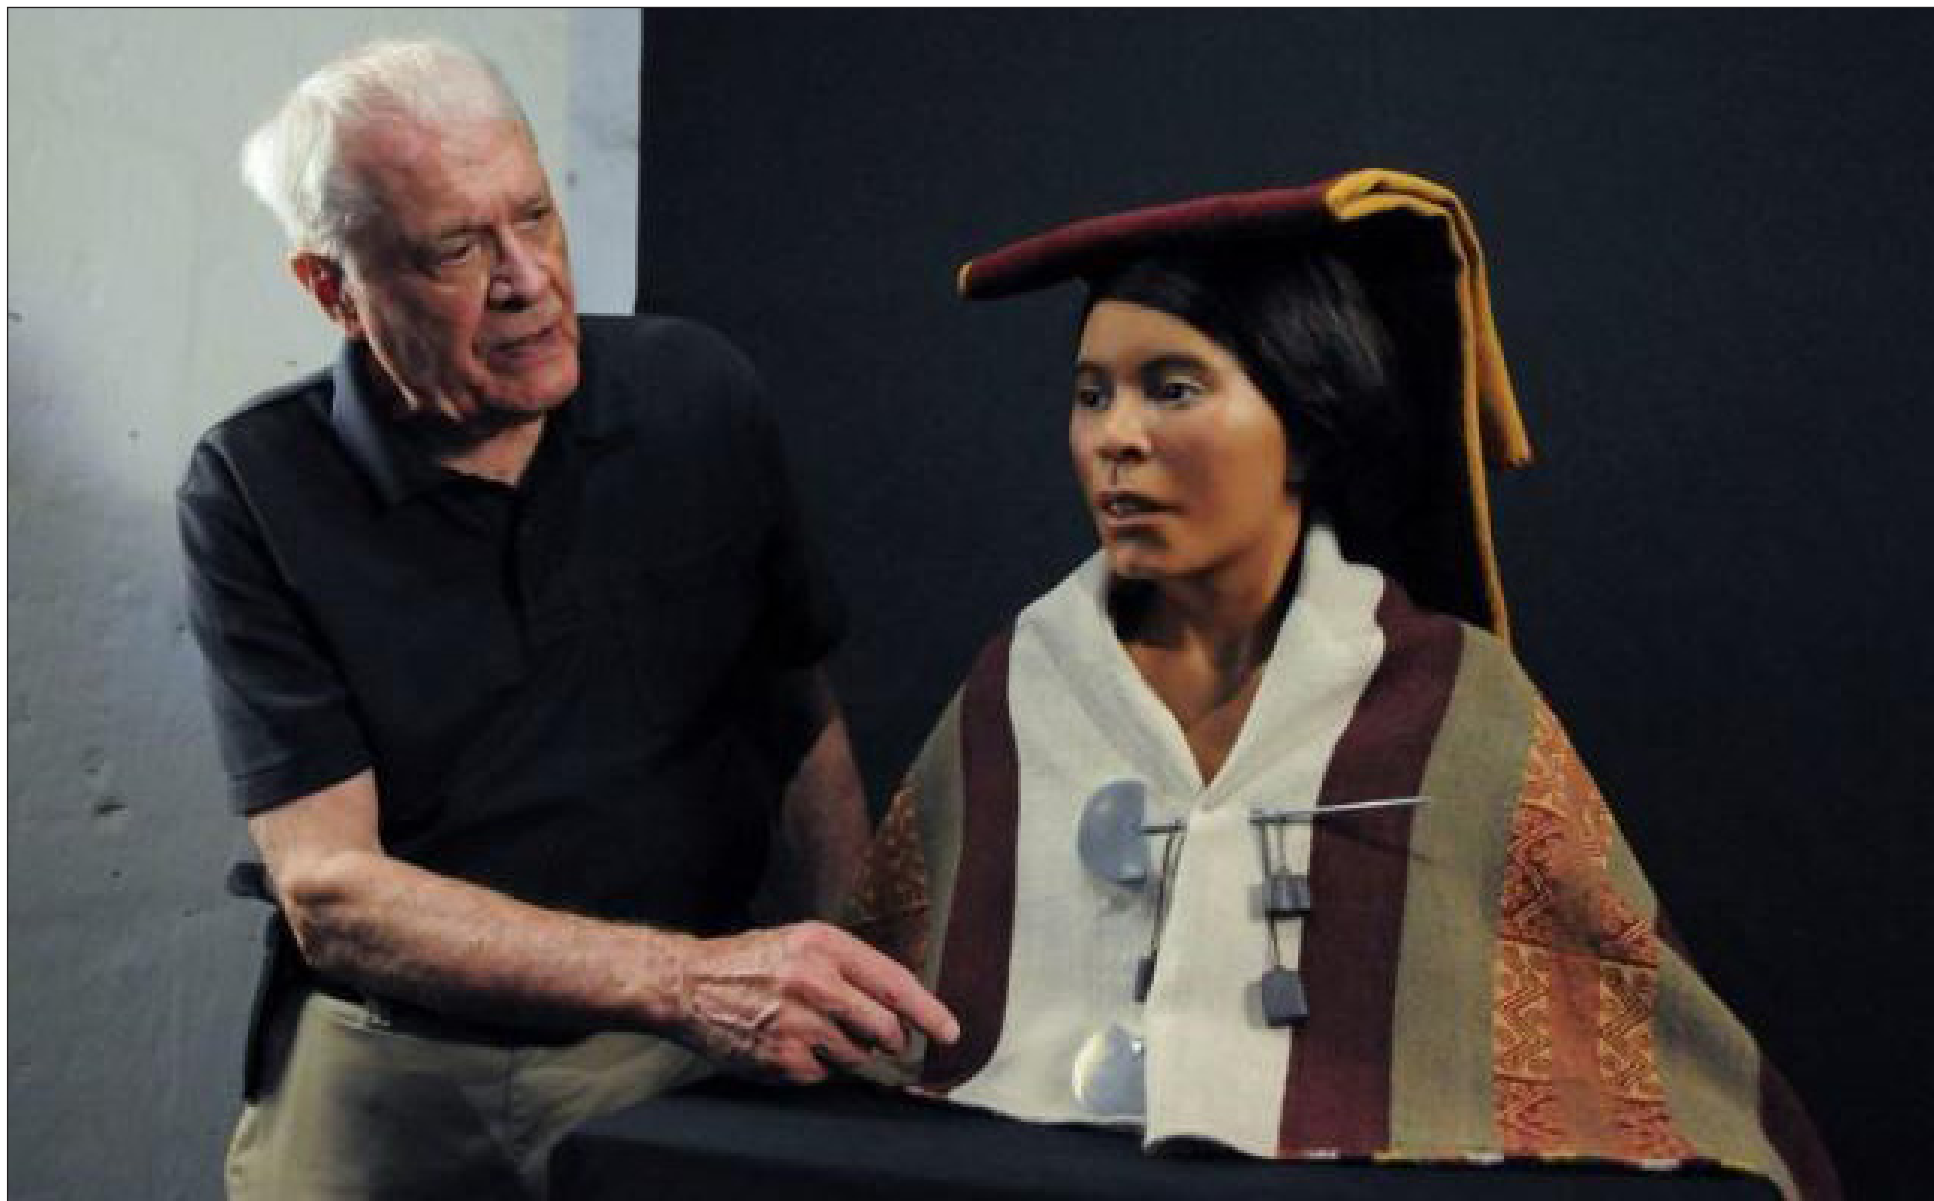

Regarding data sharing, the report revealed that during the pandemic, difficulties arose in exchanging essential information due to divergent interpretations of privacy laws, leading to delays in data-sharing. The Dutch Safety Board, while acknowledging the importance of safeguarding privacy,

encourages efforts to ensure the interpretation of privacy laws does not hinder efficient data sharing.

Additionally, the report advises enhancing scenario-based planning for large-scale and protracted crises, thereby ensuring an adaptable response to evolving circumstances. The report highlights that existing models used for decision-making were mainly focused on the epidemiological development of the virus and immediate health consequences, with less emphasis on potential long-term uncertainties and broader societal considerations.

This third report follows previous evaluations by the Dutch Safety Board, which criticized the Dutch government's response during earlier stages of the pandemic. The critiques encompassed a lack of preparedness, especially for the care of elderly citizens in nursing homes and home healthcare services, inadequate communication, and insufficient assessment of the impact of stringent measures such as mask mandates and curfews.

Experts Reconstruct Face of Peru's Iconic Inca Mummy, Juanita

PERU'S most renowned mummy, a teenage Inca girl named Juanita, who was sacrificed in a ritual over 500 years ago in the Andes, has been brought to life through a meticulously crafted silicone-made bust. This remarkable work was unveiled in a ceremony at the Andean Sanctuaries Museum of the Catholic University of Santa Maria in Arequipa, Peru. The lifelike reconstruction showcases a young woman with well-defined cheekbones, dark eyes, and tanned skin. This remarkable achievement was accomplished by a collaborative effort between Polish and Peruvian scientists, along with a Swedish sculptor with expertise in facial reconstructions, Oscar Nilsson. Nilsson described the intensive process, noting that it took roughly 400 hours of meticulous work to recreate Juanita's visage.

The process began with obtaining a replica of Juanita's skull. From there, body scans, DNA studies, ethnological characteristics, age, and complexion played a crucial role in the complex facial reconstruction. According to anthropological research, Juanita was sacrificed between A.D. 1440 and 1450 at the age of 13 to 15. She stood at 1.40 meters (55 inches) tall, weighed 35 kilograms (77 pounds), and was

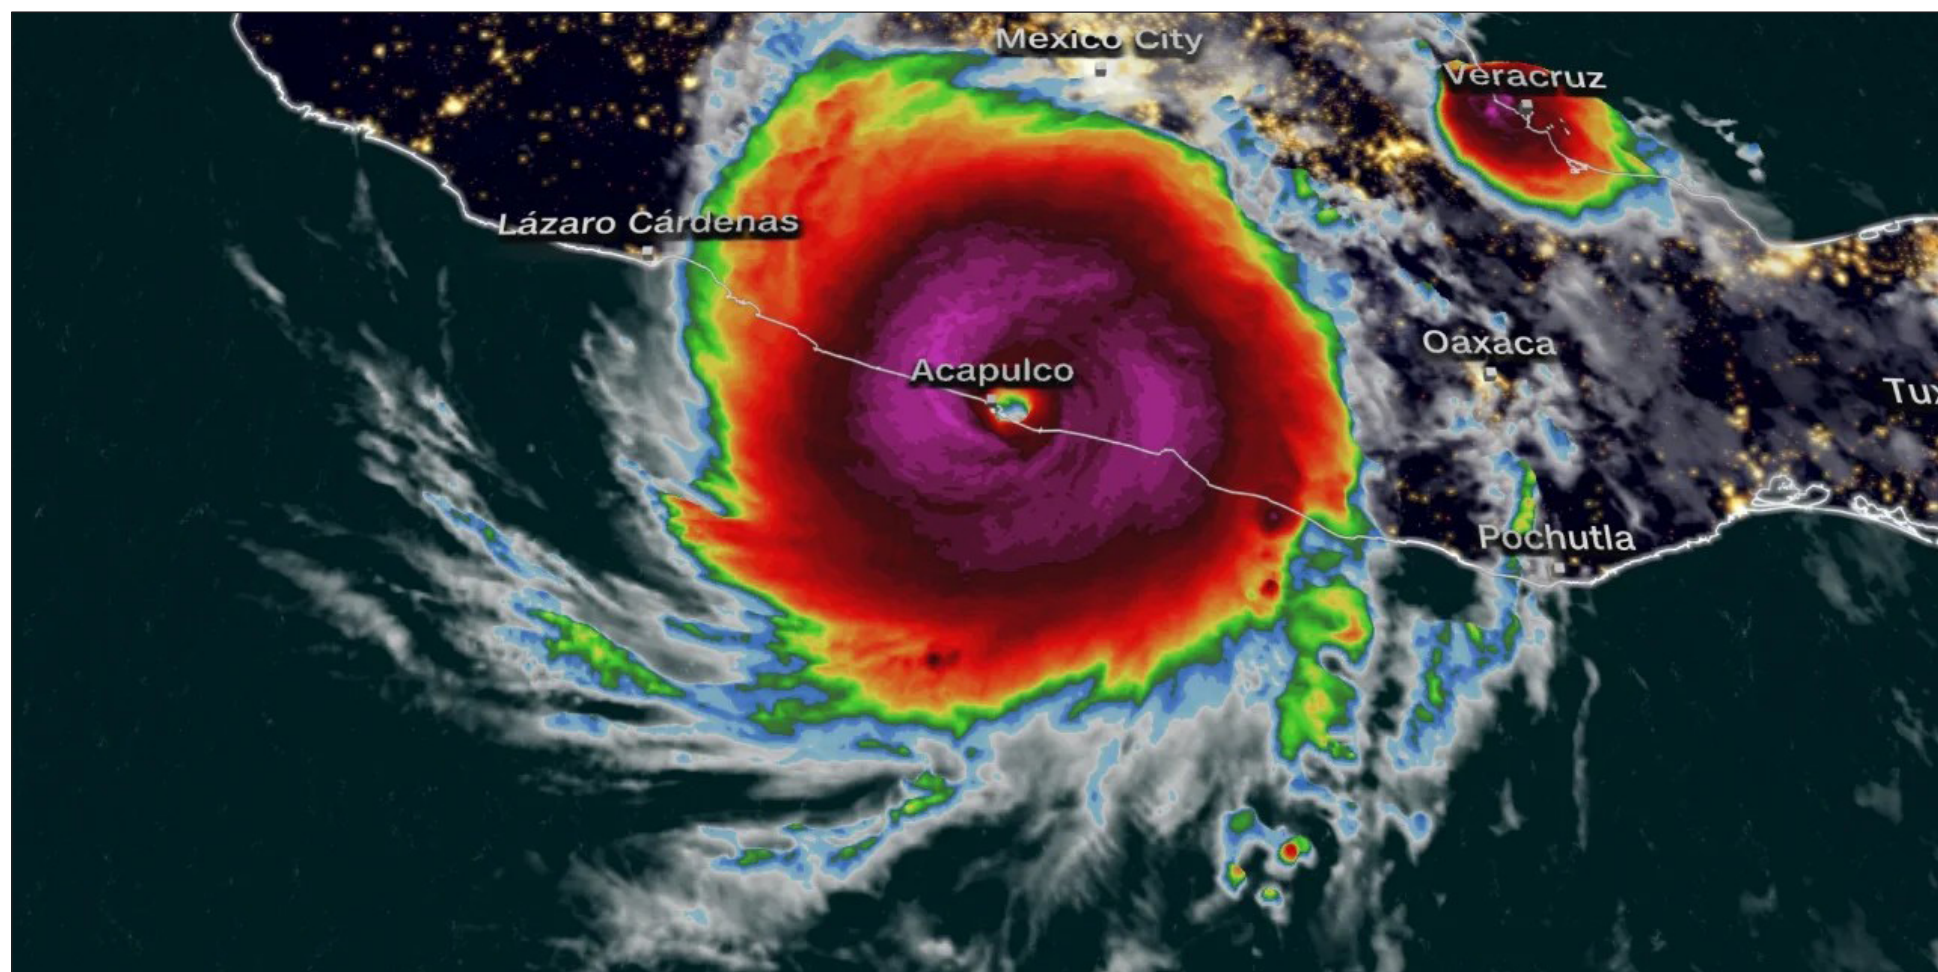

well-nourished.

Moreover, a CT scan performed by researchers at Johns Hopkins University revealed that the probable cause of Juanita's demise was a severe blow to the right occipital lobe. Johan Reinhard, the U.S. anthropologist who discovered Juanita in 1995, emphasized that investigations into her life, such as her diet and the objects accompanying her, have provided valuable insights into her existence and Inca culture.

Reinhard, who has unearthed more than 14 Inca human sacrifices in the lofty Andes, including three children in an icy pit at Argentina's Llullaillaco volcano, praised the life-like reconstruction's significance. He stated that it allows us to truly visualize Juanita's appearance, thus rendering her history even more vivid and comprehensible.

This compelling endeavor enables us to connect with a piece of history, shedding light on the practices and lives of the Inca civilization, and reinvigorating Juanita's story more than five centuries after her sacrifice.

Hurricane Otis Strikes Acapulco as a Category 5, Creating Urgent Situation

A sudden and startling development, Hurricane Otis morphed into a catastrophic Category 5 hurricane just before making landfall in Acapulco, southern Mexico, creating a dire situation for residents and officials who had very little time to prepare.

Within a mere 12 hours, Otis transformed from a tropical storm into an extremely dangerous Category 5 hurricane, setting records as it struck near Acapulco. This dramatic surge in power caught people off-guard, leaving the popular tourist destination and home to around 800,000 residents ill-prepared for the devastation that unfolded.

As the hurricane approached, the National Hurricane Center described the scenario as a “nightmare,” as there are no historical records of a hurricane of this intensity affecting this region of Mexico.

This rapid intensification is part of a concerning trend, attributed to the warming of oceans due to human-induced climate change, that is causing tropical systems to gain strength more quickly, particularly as they near landfall.

Otis unleashed its full fury upon Mexico’s coast, near Acapulco, with devastating sustained winds of 165 mph around 12:25 a.m. local time. Subsequently, the hurricane weakened to 110 mph, with hurricane-force winds extending up to 30 miles from its center.

Although it remains a formidable storm, Otis is expected to weaken rapidly as it moves inland over the higher terrain of southern Mexico, likely dissipating by Wednesday night.

Mexican President Andrés Manuel López Obrador implored coastal residents to seek shelter and steer clear of hazardous areas. The Guerrero Governor, Evelyn Salgado Pineda, announced the opening of temporary shelters as the hurricane approached.

A hurricane warning is in effect for a coastal area spanning from Punta Maldonado westward to Zihuatanejo.

Otis not only brings destructive winds but also poses a significant storm surge risk, generating life-threatening coastal flooding and large, destructive waves. With rainfall projections between 8 to 20 inches, there’s a high risk of flash floods, urban flooding, and mudslides, especially in elevated areas.

Otis has made history as the fastest intensifying hurricane in the Eastern Pacific, gaining approximately 115 mph within 24 hours. The situation stands in stark contrast to the region’s prior strongest hurricane landfall, Hurricane Patricia in 2015, which was less intense and impacted less densely populated areas. The severity of Otis emphasizes the need for vigilance and preparedness in the face of these extreme weather events.

Francis Ngannou:

From Sand Quarries in Cameroon to Boxing Sensation

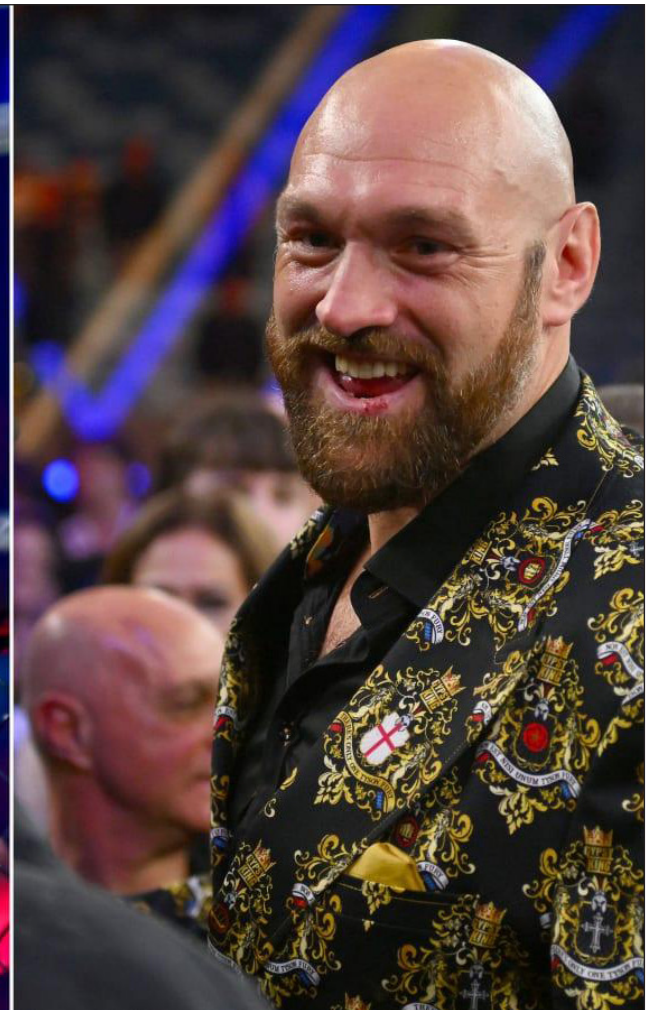

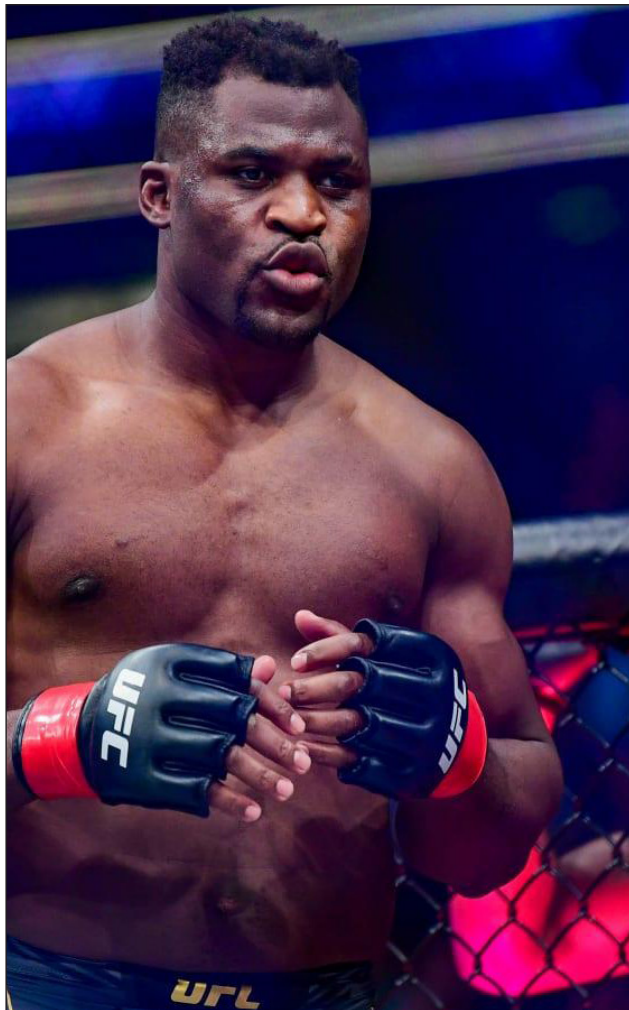

FRANCIS Ngannou's life journey is nothing short of remarkable. From toiling in a sand quarry in Cameroon as a 12-year-old to becoming the UFC heavyweight champion with an astounding record of 16 wins by stoppage out of 17, his story is an inspiring one. Now, at the age of 37, Ngannou is about to make his debut in the world of boxing by facing undefeated heavyweight world champion Tyson Fury in Saudi Arabia on Saturday.

Born in Batie, Cameroon, Ngannou grew up in poverty, like many in his town. He was sent to work from a young age, a common experience for the local population. Inspired by his father, who was known as a street fighter in the area, Ngannou aspired to pursue a combat career, but he desired to face his rivals in the ring, not the streets.

His journey to Europe was fraught with hardship as he embarked on a treacherous migrant route to reach France at the age of 26. It was a perilous endeavor, especially the sea crossing, which he describes as "hell on earth."

Upon his arrival in Paris, Ngannou faced homelessness and struggled to make headway in his fighting aspirations. However, he eventually found a training gym, where he was introduced to MMA and trained at MMA Factory, one of France's most prestigious MMA gyms, run by fellow Cameroonian Fernand Lopez.

This marked a turning point in Ngannou's life, as he transitioned from living on the streets to honing his skills within the gym's walls.

Ngannou's remarkable 6ft 4in stature, coupled with his awe-inspiring punching power, drew the attention of the UFC in 2015 after just six fights. His right hand was known for being one of the hardest punches in the sport.

After he arrived in the UFC, Ngannou showcased his dominance with a series of early stoppages, including two first-round one-punch knockouts. Within a short span, he earned a title shot against Stipe Miocic in 2018, although he was defeated on points in his first title bout.

With unwavering determination and growth as a fighter, Ngannou faced Miocic again in 2021. In a remarkable turnaround, he secured the UFC's heavyweight championship with a one-punch knockout, just seven years after

first encountering MMA while homeless in Paris.

After his successful title defense, Ngannou encountered a career-threatening knee injury and contractual disputes with the UFC. He left the promotion to pursue a career in boxing and, in doing so, broke away from the restrictive nature of UFC contracts, which often forbid athletes from participating in other combat sports.

Now, Ngannou is set to take on Tyson Fury in Saudi Arabia, embarking on his boxing journey while seeking the freedom to pursue his passion. His inspiring story reflects his remarkable journey from a sand quarry worker in Cameroon to becoming one of the most exciting fighters in combat sports, defying all odds along the way.

Arizona Diamondbacks Break a 22-Year Drought, Advance to MLB World Series

A remarkable turn of events, the Arizona Diamondbacks have clinched a spot in the MLB World Series for the first time in 22 years. This triumphant victory comes after a fierce contest with the Philadelphia Phillies in the National League playoffs, propelling them to the grandest stage in the world of baseball.

The Diamondbacks will square off against the formidable Texas Rangers in the upcoming World Series. Just earlier this week, the Rangers, representing the American League, showcased their strength by narrowly prevailing over the defending champions, the Houston Astros, in a thrilling 4-3 series. The stage is set, and the first electrifying showdown is scheduled for Friday in the vibrant Texan city of Arlington.

The pivotal showdown in the National League between the Diamondbacks and the Phillies culminated in a 4-2 victory in favor of the Diamondbacks. A compelling display of strategic prowess allowed them to capitalize on their limited scoring opportunities. Particularly noteworthy was the performance of pitcher Kevin Ginkel, whose exceptional prowess on the mound turned the tide. In the seventh inning, Ginkel master-

fully neutralized two Phillies players who threatened to reach base, cementing their fate. In the eighth inning, Ginkel once again emerged as the savior, preventing any possibility of a Philadelphia comeback.

The Diamondbacks have earned their rightful place in the World Series, and they now stand ready to face the daunting challenge presented by the Texas Rangers. This forthcoming contest is highly anticipated and promises to be a best-of-seven series brimming with excitement and anticipation.

The last time the Diamondbacks seized the coveted championship title was in 2001 when they triumphed over the New York Yankees in a nail-biting series, prevailing with a score of 4-3. The Texas Rangers, on the other hand, have had their share of World Series appearances, having graced the grand stage in 2010 and 2011. Regrettably, they fell short on both occasions.

As the Arizona Diamondbacks prepare for the ultimate showdown, baseball enthusiasts worldwide eagerly anticipate the unfolding drama, as two exceptional teams vie for the pinnacle of success in the MLB World Series.

Martinsville Elimination Scenarios:

Determining the Championship 4 Contenders

AS the tension builds for the 500 laps around Martinsville Speedway, NASCAR's shortest oval at 0.526 miles, the Round of 8 drivers are vying for a spot in the Championship 4.

Only four of them will qualify for a chance at the championship during the season finale at Phoenix Raceway on November 5. Let's break down the scenarios for these drivers as they aim to secure their spot.

Feeling Happy: Two drivers have already punched their tickets to the Championship 4, thanks to earlier wins in the round.

Christopher Bell: Driving for Joe Gibbs Racing, Bell's triumph at Martinsville last year was a pivotal moment that led to his Championship 4 berth.

Kyle Larson: Behind the wheel of Hendrick Motorsports' No. 5 Chevrolet, Larson's victory at Martinsville earlier in April provides a boost as he looks to continue his success.

Feeling Good: William Byron, also racing for Hendrick Motorsports in the No. 14 Chevrolet, holds a comfortable position with a 30-point lead over the fifth-place driver. A clean race at Martinsville should secure his advancement, although past performance at the track raises some concerns.

Feeling Hopeful: Ryan Blaney from Team Penske in the No. 12 Ford has a 10-point cushion over the fifth-place driver. A solid performance at Martinsville should do the trick, but an unpredictable race could shake things up.

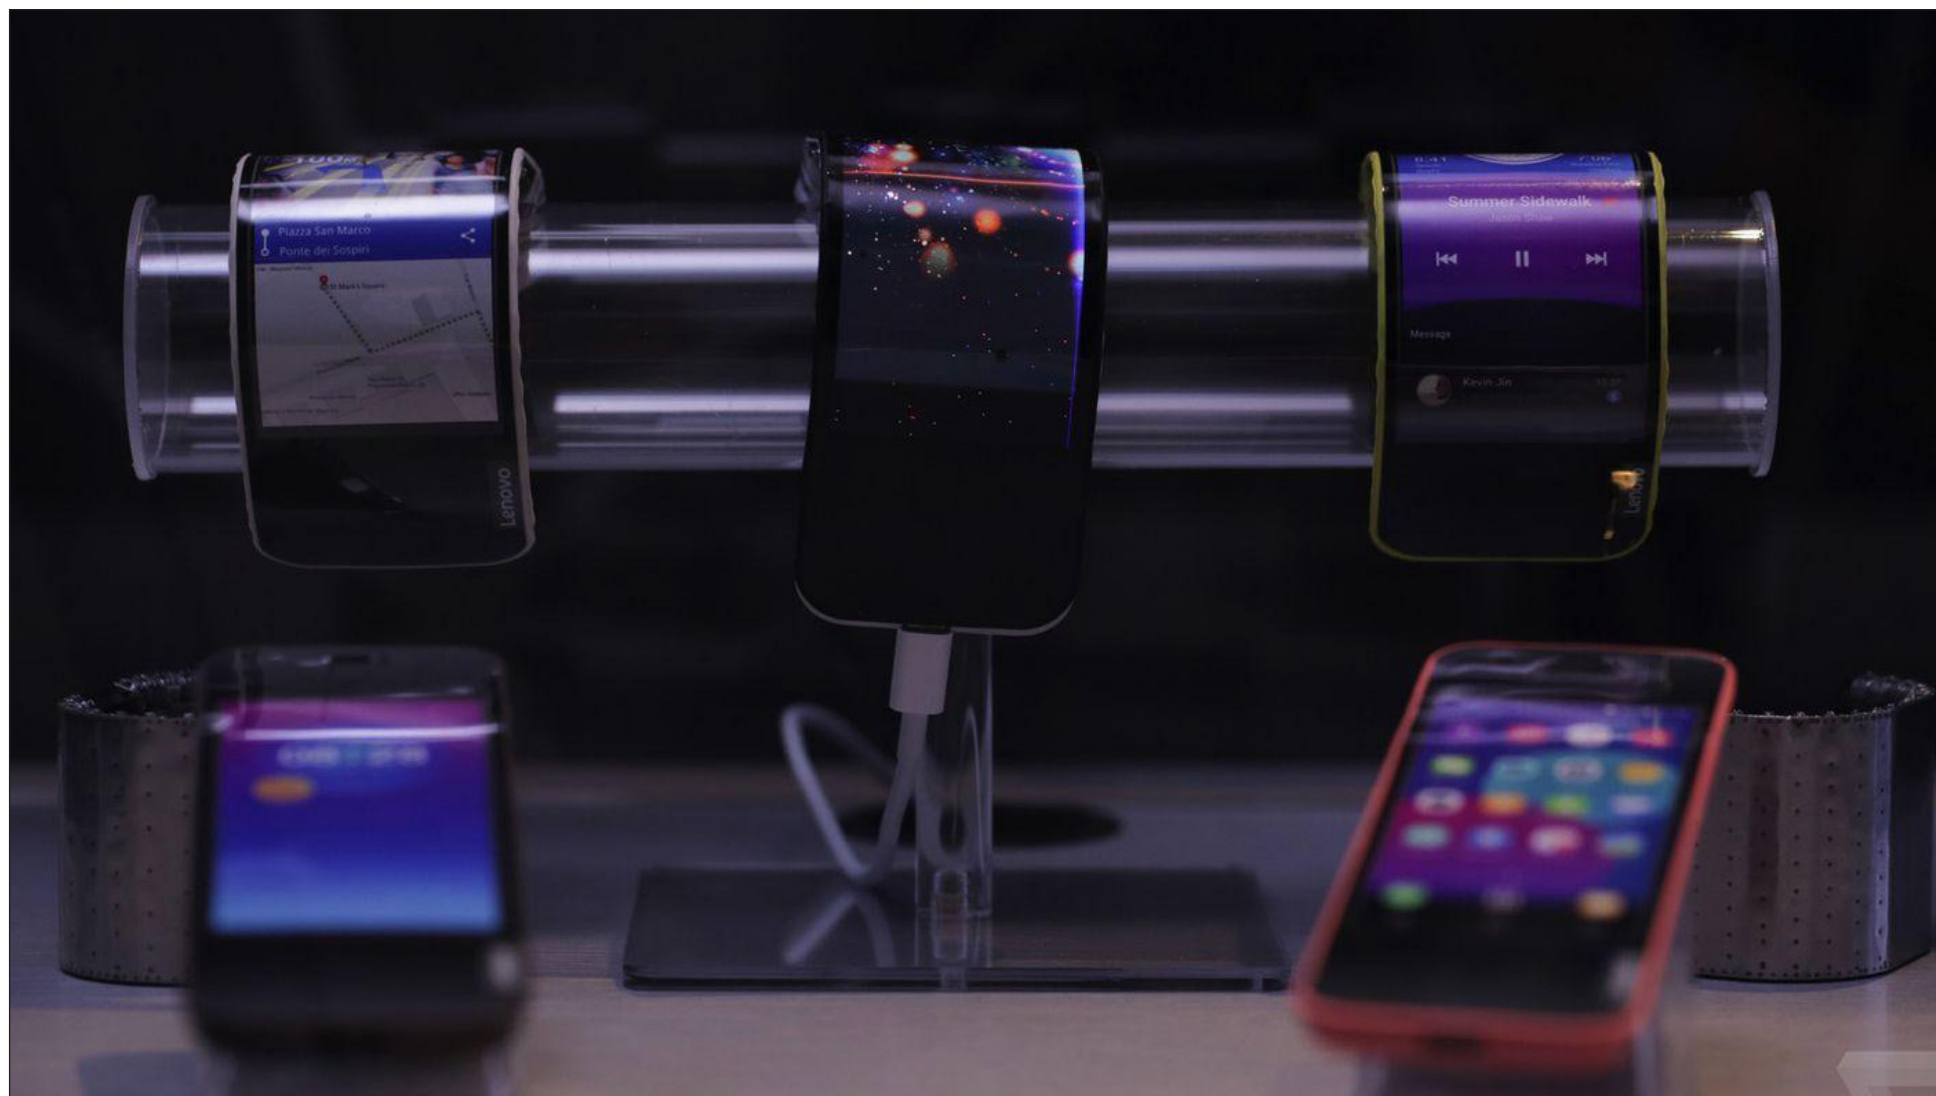

Feeling Nervous: Tyler Reddick, driving the 23XI Racing No. 45 Toyota, finds himself 10 points behind the fourth-place driver. With just one top-10 finish at Martinsville and a history of inconsistency at the track, he faces an uphill battle.

Feeling Resigned: Martin Truex Jr. and Denny Hamlin, both with Joe Gibbs Racing, have had strong careers but face a tough road. Truex has three Martinsville victories but needs a significant turnaround. Hamlin, with five wins at the track, hopes for a strong showing and a bit of luck.

Feeling Desperate: Chris Buescher, piloting the RFK Racing No. 17 Ford, faces a must-win situation, trailing by 43 points. With only one top-10 finish at Martinsville, Buescher has his work cut out.

As Martinsville looms, these drivers are gearing up for a pivotal race that will decide their fate. With the championship in sight, the pressure is on as they battle to secure a spot in the coveted Championship 4.

Lenovo Showcases Advanced Bendable Phone Concept at Tech Event

A compelling move towards the future of smartphones, Lenovo unveiled its latest iteration of a bendable phone concept at Lenovo Tech World '23. This cutting-edge technology brings a sense of nostalgia, reminiscent of the snap-bracelet craze, while presenting new advancements that leave tech enthusiasts intrigued.

Motorola's Innovation Research team member, Lexi Valasek, introduced the innovative device, building upon a concept initially seen in 2016, two years after Lenovo's acquisition of Motorola. This bendable phone features a flexible OLED display, allowing it to conform to the wearer's wrist, akin to a cuff-style accessory.

Compared to the 2016 prototype, the 2023 model exhibits noteworthy improvements. While the earlier version could transform into a snap-bracelet style with a noticeable crunching sound, the latest rendition showcases increased flexibility. It can assume various poses, including the "happy worm" and a tented mode, although this might be perceived as a partial cuff mode.

Adding to the allure of this tech innovation, the bendable phone sports a friendly orange fabric backing. It can be secured to the wrist using what appears to be a metal square, affixed with a watchband. This addition could employ

magnetic technology to prevent the device from slipping off the wearer's wrist.

One notable change from the 2016 prototype is the absence of the unsettling crunching sound when putting it on. Valasek dedicated a longer duration to showcasing the concept during the event, underlining the device's progression since its initial debut.

While the bendable phone concept presents a captivating glimpse into the future, questions persist about its practicality. Potential concerns include wearers' ability to rest their wrists on surfaces, manage calls, or avoid unintended detachment during swift arm movements.

Nonetheless, this unveiling harkens back to the Moto spirit, revealing the evolution from past concepts to tangible products like the Moto Razr Plus. This transitional journey continues to pique the curiosity of tech enthusiasts as they anticipate the future of smartphone technology, building on the rich legacy of innovation.

The bendable phone concept embodies Lenovo's commitment to pushing the boundaries of smartphone design and functionality, offering a tantalizing glimpse into the world of flexible and adaptable mobile devices.

EU Urged to Accelerate Carbon Emission Reductions to Meet Climate Goals

REPORT URGES EU TO ACCELERATE EMISSIONS CUTS FOR NET ZERO CLIMATE TARGET

In order to achieve its climate targets, the European Union (EU) must significantly accelerate its efforts to reduce greenhouse gas emissions. According to a European Commission report, the EU has committed to reducing planet-warming emissions by 55% compared to 1990 levels by 2030, yet over the past three decades, it has only achieved a 32% reduction. This shortfall has created substantial gaps that must be addressed in the next seven years.

Current policies are projected to reduce emissions by 43% in 2030, and even if planned but unimplemented policies are included, it still falls short of the 55% target by seven percentage points. The report indicates the need for a more aggressive approach to emissions reduction.

The EU's new climate commissioner, Wopke Hoekstra, emphasized that key sectors like buildings and transportation require substantial emissions cuts. Progress in these areas has been sluggish. Additionally, the report underscores the necessity of expanding natural carbon sinks, which have, in some cases, become sources of emissions. Furthermore, more significant efforts are needed to reduce emissions in agriculture.

The report also commends the EU's efforts to reduce reliance on Russian gas due to the Ukraine conflict, which led to rapid energy price increases. The EU significantly reduced its imports of Russian gas, but the report emphasizes the importance of accelerating the transition to renewable energy sources, as the share of renewables in European

energy needs to grow at a much faster rate to meet the EU's targets.

Commissioner Hoekstra also expressed concern about fossil fuel subsidies, noting that they hinder the transition to clean energy. Many EU member states have made it easier to purchase and burn fossil fuels in response to the energy crisis, resulting in subsidies totaling €123 billion in 2022. A significant portion of these subsidies have no end date within this decade.

Ahead of the upcoming Cop28 climate summit, the EU is expected to advocate for a global phaseout of unabated fossil fuels and specific subsidies that don't address energy poverty or the just transition. The EU is urging its member states to align with these goals.

The report highlights that several European governments have been slow in implementing climate actions. Despite the EU's urging, several member states have not yet submitted their draft climate and energy plans.

A recent report from Climate Action Network (CAN) Europe indicates that the policies outlined in the submitted drafts are insufficient to prevent global temperatures from rising by 1.5°C above preindustrial levels and to meet the minimum EU climate and energy requirements for 2030. CAN Europe has called on EU governments to take more substantial actions in line with the urgent demand for accelerated climate measures.

Sustainable Waste Management Practices

Transforming Developing Countries

THE ongoing quest for global sustainability, developing countries have emerged as unexpected leaders in the field of sustainable waste management. Over the past decade, innovative approaches and community-driven initiatives have transformed the landscape, proving that progress is not exclusive to developed nations. In fact, these efforts are not only improving environmental conditions but also driving economic growth and fostering a sense of pride and ownership within these communities.

Community-Led Recycling Programs:

One of the most heartening aspects of sustainable waste management in developing countries is the rise of community-led recycling programs. In places like India and Brazil, enterprising individuals and local groups have taken it upon themselves to collect and sort recyclables. These initiatives not only reduce waste in landfills but also generate income for participants. Families and neighborhoods are benefiting as they unite for a cleaner environment and a more secure future.

Waste-to-Energy Innovations:

In countries with limited resources, waste-to-energy solutions have become a beacon of hope. Projects in Sub-Saharan Africa, for instance, have successfully turned waste into electricity, improving energy access and reducing the burden on traditional fossil fuels. These developments not only tackle waste problems but also promote cleaner and more sustainable energy sources, further contributing to a greener future.

Promoting Sustainable Employment:

Developing countries have recognized that sustainable waste management isn't just about environmental protec-

tion—it's also about economic empowerment. The creation of jobs within waste management industries is offering opportunities to marginalized communities. As people gain employment in waste collection, recycling, and composting, they are securing income and contributing to their nation's economic growth.

Educational Initiatives:

Education is a cornerstone of sustainable waste management in developing nations. Many grassroots organizations and local governments are actively involved in teaching communities about responsible waste disposal and the benefits of recycling. These initiatives empower individuals to make informed decisions, fostering a culture of environmental responsibility.

Government Support and International Partnerships:

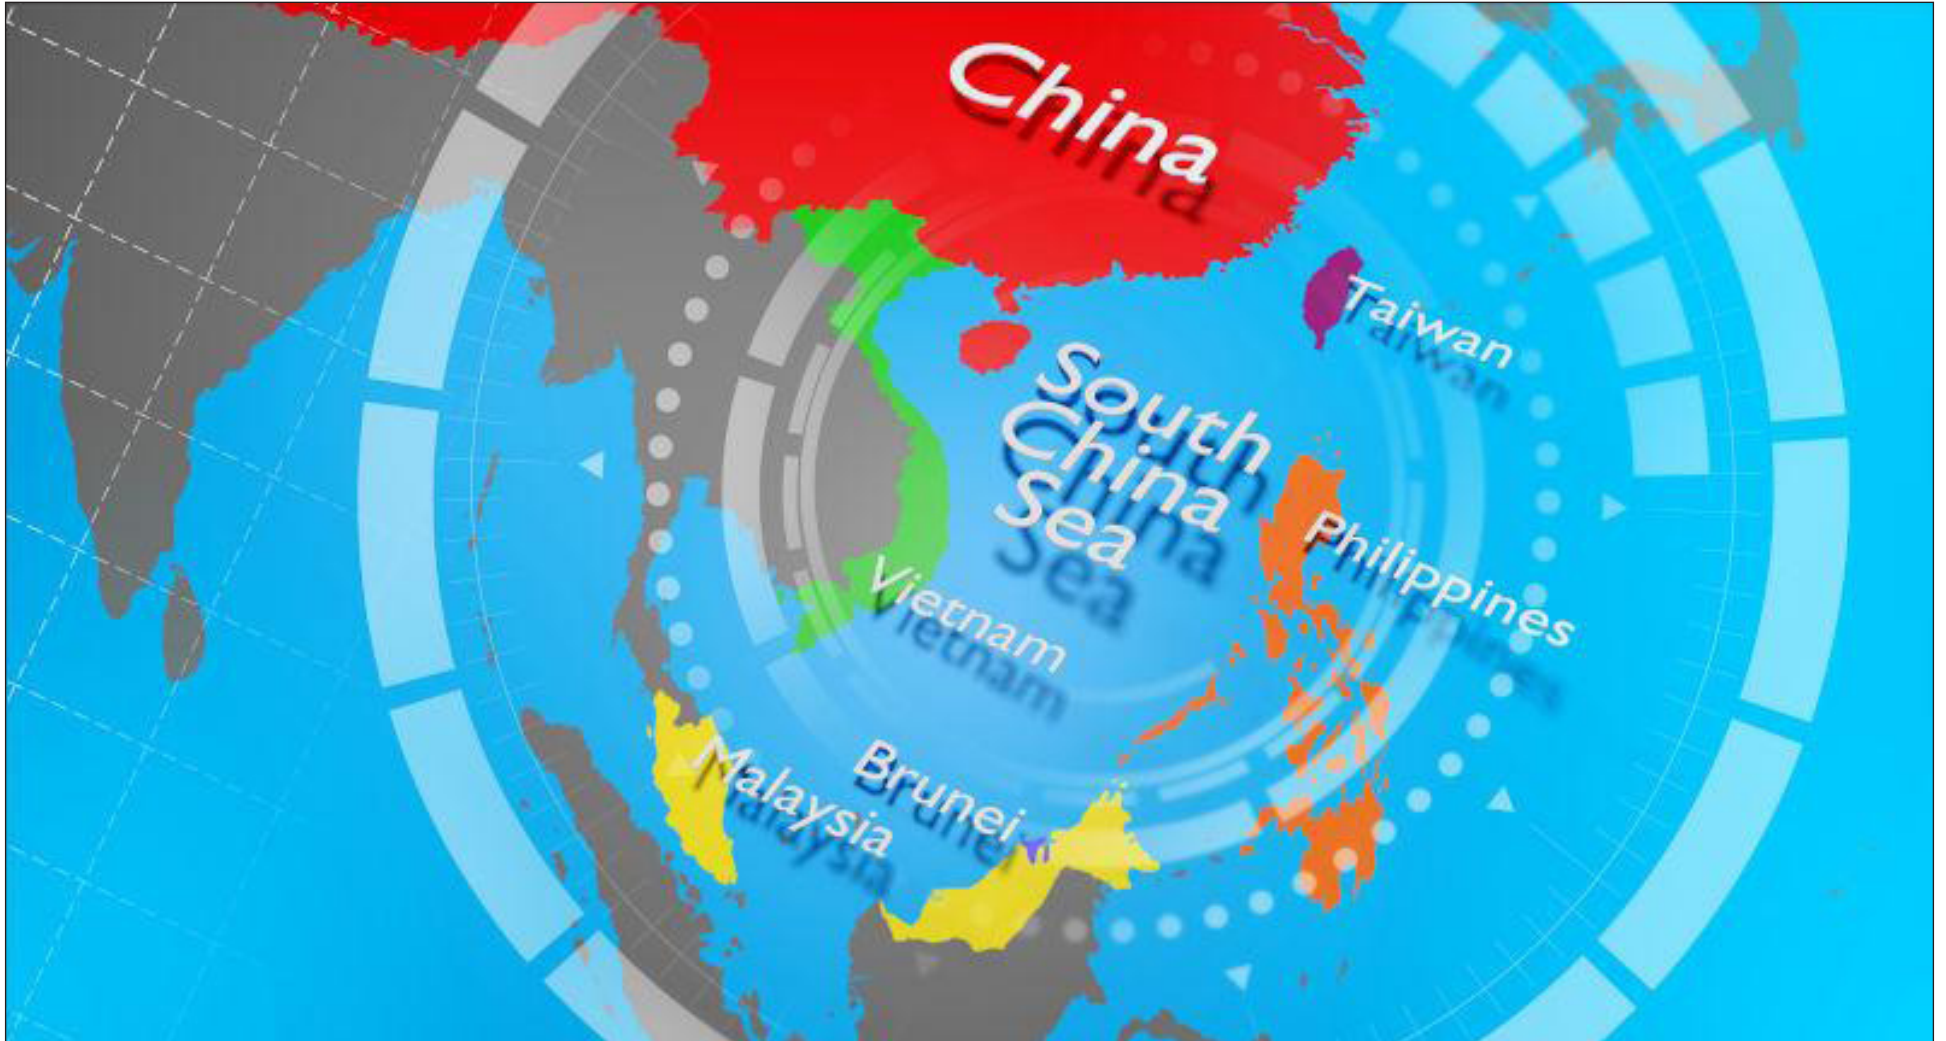

Governments in developing countries are increasingly recognizing the importance of sustainable waste management. They are enacting legislation and policies that promote recycling and proper waste disposal. Additionally, international organizations and partnerships are providing financial and technical support to help these nations develop sustainable waste management systems.

Developing countries are making remarkable strides in sustainable waste management, inspiring the world with their creativity and commitment.

These initiatives not only protect the environment but also drive economic growth, empower communities, and instill a sense of responsibility for future generations. The future looks promising as these nations continue to prove that sustainable progress knows no boundaries.

The Nine-Dash Line Controversy

China's Disputed Claims in the South China Sea

THE ongoing dispute over the South China Sea has once again taken center stage, with rising tensions between the Philippines and China in the contested waters. Sunday witnessed two near collisions near Second Thomas Shoal, an area situated within Manila's Exclusive Economic Zone (EEZ), marking a significant escalation.

Beijing's claim to Second Thomas Shoal and nearly the entire South China Sea is underpinned by the contentious "nine-dash line." Despite an international tribunal's rejection of this map in 2016, China reaffirmed its use in a recent update to its national map, inciting unrest among Southeast Asian nations such as Malaysia, the Philippines, and Vietnam, all of which assert sovereignty over waters in their proximity. The "nine-dash line" is employed by China as a tool to legitimize its maritime territorial claims and bolster its exceptional status on the global stage, as the Sydney-based Lowy Institute suggests.

China argues that its historical roots in the South China Sea date back centuries, during the Han Dynasty in the second century, when Chinese emperors dispatched explorers to chart the region. Subsequent dynasties maintained dominion over various island chains, namely Nansha (the Spratly Islands) and Xisha (the Paracel Islands).

However, the advent of Western exploration and the rise of

the Vietnamese Nguyen dynasty in the 19th century challenged these claims. By the mid-20th century, geopolitical shifts had significantly altered the region, with various countries vying for control.

This contestation has intensified in modern times due to the South China Sea's strategic importance as a critical trade route and its vast oil and gas reserves, estimated at 11 billion barrels of oil and 190 trillion cubic feet of natural gas, which have engendered conflict.

Even though China signed the United Nations Convention on the Law of the Sea (UNCLOS) in 1982, it continued to maintain its sovereignty claims, citing historical records as evidence.

While UNCLOS recognized the territorial waters of countries within 200 nautical miles (approximately 370 kilometers) of their coastlines, China's "nine-dash line" encroached on this sovereignty, prompting disputes with neighboring countries.

Despite the international tribunal's arbitration ruling in favor of the Philippines, China persists in its expansive claims, demonstrated through island construction, military build-up, and maritime assertiveness in the region. It is evident that Beijing shows no signs of relinquishing its nine-dash line stance anytime soon, intensifying geopolitical tensions in the South China Sea.

The Gen X Struggle:

Adapting to a Politically Correct World

GENERATION X, born between 1965 and 1980, finds itself navigating a rapidly changing world. The transition to a more politically correct society has left many Gen Xers feeling out of place. In an era where societal norms and values have shifted, adapting to new expectations and behaviors can be a daunting task. This article explores the challenges faced by Gen X as they strive to keep up with evolving social norms, fashion trends, and the mindset of younger generations.

Navigating Political Correctness

The shift towards a politically correct culture has been profound. What was once considered humor may now be seen as offensive. Gen Xers grew up in a time when political correctness was not as pervasive, making it challenging to rewire their thinking and language. Adapting requires self-awareness and a willingness to update communication and behavior to align with current sensitivities.

Understanding Sensitivity

Sensitivity is a virtue in today's world, and Gen Xers may struggle to embrace it fully. It's important to remember that sensitivity isn't about compromising authenticity. Rather, it's about demonstrating empathy and understanding towards diverse perspectives. Learning to listen more and pass judgment less can help bridge the gap between generations.

Fashion Forward or Fashion Struggle?

The rapidly changing world of fashion can leave Gen Xers feeling perplexed. The attire that once defined their generation may now be considered outdated. Staying current with fashion trends can be a challenge, but it's also an opportunity to evolve and experiment with different styles. Embrace the

learning process, and feel free to mix vintage classics with modern trends.

Navigating the Generational Gap

Understanding the mindset of Gen Z and the Crystal Generation can seem like deciphering a foreign language. These digital natives have grown up in an era of social media, instant communication, and a different set of values. Instead of resisting change, engage in open conversations with younger generations. Seek to learn from them and embrace their fresh perspectives.

The Value of Flexibility

Adapting to the evolving world isn't about losing your identity. It's about being flexible, open-minded, and willing

to grow. Acknowledge the generation gap but look for common ground. Embrace new technologies and engage with social media and other platforms that bridge the generational divide.

Generation X may find itself in a challenging position as they strive to adapt to a politically correct world, comprehend new fashion trends, and connect with younger generations. The key is to approach these changes with an open mind and a willingness to grow. Recognize that it's okay to make mistakes along the way and embrace the learning process. Remember, your unique Gen X perspective is a valuable asset in a world that thrives on diversity and inclusivity.

Mastering Crisis Management: A Strategic Approach to Facing Unexpected Challenges

What is Crisis Management?

IN an ever-changing world, the art of crisis management has become a critical skill, whether for individuals, organizations, or governments. It encompasses a structured response to unforeseen events that could jeopardize operations, reputation, or overall well-being. A well-executed crisis management approach is characterized by its ability to identify, assess, respond, and recover from crises effectively.

Here are the fundamental elements that constitute this strategic process:

Preparedness: The foundation of crisis management rests on meticulous preparation. This phase includes activities such as comprehensive risk assessment, scenario planning, and the development of a crisis management plan. It is within this phase that potential crises are identified, their potential impact is gauged, and strategies are devised to address them.

Identification: Recognizing that a crisis is unfolding is the initial hurdle in any crisis situation. This phase involves the vigilant monitoring of news, social media, and internal reports to spot emerging issues.

Assessment: Following the identification of a crisis, a thorough assessment of the situation is paramount. This step entails comprehending the nature and extent of the crisis, potential consequences, and the risks posed to stakeholders.

Response: With the crisis assessed, it is time to put the crisis management plan into action. This involves assembling a crisis management team, communicating with stakeholders,

mobilizing resources, and executing necessary actions to mitigate the crisis's impact.

Communication: Effective communication is the linchpin during a crisis. It entails keeping employees, customers, the public, and other stakeholders informed about the situation, the actions being taken, and potential impacts. Transparency, timeliness, and consistency are key to this phase.

Recovery: Once the crisis is under control, the focus shifts to recovery. Organizations must conduct a damage assessment, plan for the resumption of normal operations, and strategize to prevent similar crises in the future.

Evaluation: Post-crisis, a thorough evaluation of the response is crucial. This includes scrutinizing what was executed well, what could be enhanced, and the effectiveness of the crisis management plan. The objective is to derive lessons from the experience and refine the plan for future crises.

Adaptation: The final phase in the cycle is the adaptation of crisis management plans and strategies based on lessons learned. This iterative process bolsters resilience and preparedness for future crises.

It's important to note that crisis management extends beyond the business realm. Governments, nonprofits, and individuals also engage in crisis management to address unforeseen challenges. The common thread is a well-prepared plan, a responsive team, and an unwavering commitment to learning from each crisis to improve readiness for future adversity.

The Dynamic Partnership of an Entrepreneur and a Corporate Professional

ONE of the most captivating dynamics can be found in the households where an entrepreneur and a corporate professional come together. These individuals often have entirely different mindsets, thought processes, and approaches to life, creating a unique and enriching partnership.

A Tale of Two Worlds:

Picture this: one partner is an entrepreneur, driven by innovation, risks, and an unyielding desire to bring their creative visions to life. The other is a corporate professional, immersed in structured environments, hierarchy, and a steadfast commitment to their organization's success. It's a classic case of two worlds colliding.

Complementary Strengths:

What might seem like a recipe for conflict can often turn into a perfect blend of complementary strengths. Entrepreneurs bring the spirit of adventure, adaptability, and a knack for thinking outside the box. They are often the dreamers and risk-takers in the partnership.

On the other hand, the corporate professional embodies stability, structure, and a profound understanding of industry dynamics. Their expertise in navigating corporate landscapes and adhering to established protocols often provides a reliable anchor.

Conflict Resolution and Growth:

It's undeniable that such a union can lead to clashes in perspectives and decision-making processes. Yet, this friction can be seen as an opportunity for growth. When approached with empathy and understanding, it can become a catalyst for mutual learning and evolution. The entrepreneur may learn the importance of structure and long-term

planning, while the corporate professional may discover the thrill of taking calculated risks.

Work-Life Balance:

Striking a work-life balance in such relationships can be challenging. Entrepreneurs often bring their work home, and corporate professionals may have to adapt to the unpredictability of entrepreneurial ventures. The key is effective communication and setting boundaries that respect each other's commitments and aspirations.

Shared Values:

What often binds these seemingly contrasting personalities is shared values and goals. Love, respect, and a shared vision for the future can bridge the gap in thought processes. These couples tend to embrace diversity of thought and use it as a strength rather than a weakness.

Building a Future Together:

The entrepreneur-corporate professional partnership is a testament to the diversity of human potential. Their journey is a constant learning experience, one that involves adapting to the ebb and flow of life's demands. In the end, it's not about being on the same page all the time; it's about being willing to read each other's chapters and writing a beautiful story together.

The entrepreneurial spirit and the corporate mindset, though fundamentally different, can coexist harmoniously in a partnership. These relationships are a celebration of the breadth and depth of human capabilities and serve as a reminder that diverse perspectives can lead to dynamic and thriving unions.

Science Reveals Surprising Health Benefits and Risks of Coffee Consumption

COFFEE, one of the world's most beloved beverages, has long been a subject of scientific scrutiny. Recent research delving into the complexities of coffee consumption has unveiled a mix of health benefits and potential risks, offering coffee enthusiasts both good news and some reasons for caution.

Antioxidant Powerhouse:

Coffee is emerging as an unexpected source of antioxidants, according to a study published in the *Journal of Nutrition*. These compounds, such as chlorogenic acids, help combat oxidative stress and reduce the risk of chronic diseases. While fruits and vegetables remain primary sources of antioxidants, coffee's contribution is a surprising revelation for health-conscious consumers.

Cognitive Enhancement:

In a separate study featured in the journal *"Neurology,"* coffee's impact on cognitive health was explored. Researchers found that moderate coffee consumption, around three to four cups per day, was associated with a reduced risk of cognitive decline in aging adults. The caffeine in coffee may enhance memory and cognitive function, providing an additional reason to savor that morning brew.

Heart Health and Caffeine:

While coffee has its merits, the caffeine content should not be overlooked. The American Heart Association recently cautioned against excessive caffeine intake, which can lead to elevated heart rates and increased blood pressure.

Moderation is key, and individuals with underlying heart conditions should be cautious about coffee consumption.

Potential for Insomnia:

Another study from the *Journal of Sleep Research* highlighted the importance of coffee timing. Consuming coffee too late in the day, especially close to bedtime, can disrupt sleep patterns. Researchers found that even moderate caffeine intake in the evening hours can lead to insomnia in some individuals, emphasizing the need for mindful coffee consumption.

Individual Variability:

It's crucial to recognize that coffee's effects can vary widely from person to person. Genetics, tolerance levels, and overall health play a significant role in how individuals respond to coffee. Therefore, understanding one's own limits and how coffee affects them personally is essential for optimizing its benefits while minimizing potential risks.

Coffee's scientific exploration continues to unveil its multifaceted impact on health. With its antioxidant benefits and potential cognitive enhancements, coffee can be a positive addition to a well-balanced diet when consumed in moderation. However, the caffeine content and the timing of consumption should be carefully considered to avoid potential health risks. Ultimately, coffee lovers can enjoy their favorite brew responsibly, taking into account individual variability for a healthier coffee experience.

Mastering Your Mind:

The Four-Step SIFT Method for Calm and Clarity

TODAY'S fast-paced world, life's challenges and constant demands can easily lead to stress and overwhelm. We've all been there, especially in recent times, with the pandemic adding an extra layer of anxiety to our daily lives. Managing your mental well-being is crucial in these turbulent times, and one psychologist from UCLA has a four-step method to help you find inner calm and maintain a healthy mind.

Understanding the Turmoil

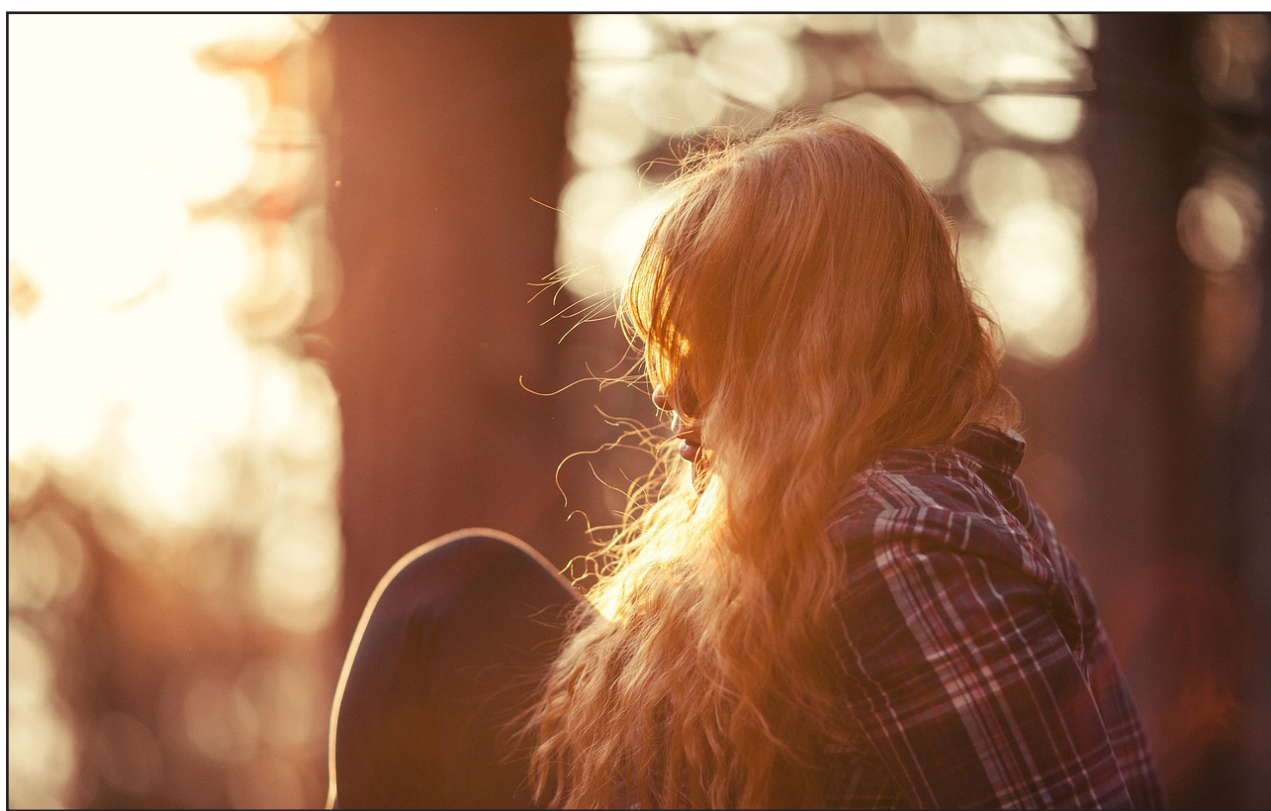

Stress is the primary culprit that disrupts our inner peace. It has the power to make us anxious, to cloud our thoughts, and to strip away our sense of serenity. Stress can arise from various sources, both external and internal, affecting everyone in different ways. What might be a breeze for one person can be a storm for another, depending on their perception.

The Science of Stress

Stressors, the situations or factors causing stress, can be positive or negative, from work pressures to significant life changes. Our individual perception plays a crucial role in how these stressors affect us. What's more, stress is not just a mental burden; it takes a toll on our physical and emotional well-being.

Stress, the Flight-or-Fight Response

The body's stress response is ancient and natural, but its constant activation, especially when facing chronic stress, can lead to a host of issues. The amygdala, a part of our brain, triggers the release of stress hormones such as adrenaline, causing physical symptoms like aches, heart palpitations,

and headaches, along with emotional turmoil.

The Road to Inner Peace: The SIFT Method

Sensations: Begin by focusing on the physical sensations in your body. These sensations are like signals your body sends to your brain, either as positive gut feelings or negative physical discomfort. Use them as anchors to connect with the present moment.

Images: Many negative thoughts manifest as images in the mind. Connect these images with the distressing thoughts they represent. Acknowledging them is the first step to regaining control of your thought patterns.

Feelings: Understand what emotions are associated with those sensations and images. Embrace your feelings, recognizing that there are no right or wrong emotions. Label them and let them flow naturally.

Thoughts: Identify the thoughts that contribute to your stress. The practice of observing your thoughts allows

you to challenge irrational beliefs and illogical narratives. By analyzing your thoughts, you regain control over your mind.

Achieving Calm and Clarity

Practicing the SIFT method can empower you to manage stress and regain a calm, balanced mindset. Stress will always be a part of life, but your response to it is what truly matters. With this method, you will develop the ability to stay focused, think clearly, and respond rationally even in the face of overwhelming stressors.

In a world full of chaos and uncertainty, mastering your mind is your superpower. By incorporating the SIFT method into your daily routine, you can keep your inner calm intact, nurture emotional well-being, and face life's challenges with resilience and grace.

Your path to inner peace begins with a single step—try the SIFT method and unlock the power of a calm, clear mind.

Living with a Loved One Struggling with Addiction:

How to Offer Support and Care

WHEN someone close to you is battling addiction, it can be a heart-wrenching and challenging experience. You may feel helpless, angry, or confused, but it's important to know that your support can make a significant difference in their journey to recovery. This article explores how to help and care for someone living with addiction while maintaining boundaries and offering assistance with love and understanding.

Understanding Addiction

To provide effective support, it's crucial to understand addiction. Addiction is a complex disease that affects the brain and behavior. It's not a matter of weak willpower or lack of moral character. Addiction can happen to anyone, and it's not something an individual can overcome easily.

Empathy and Non-Judgment

The first step in helping a loved one with addiction is to offer empathy and non-judgment. Be a listening ear without criticism. Understand that their actions are driven by their addiction, and it doesn't define their entire identity. Avoid blaming or shaming, as it can create barriers to seeking help.

Encourage Treatment

Encouraging your loved one to seek treatment is a critical step. Approach this conversation with empathy and understanding. Research treatment options, offer to accompany them to appointments, and provide information about support groups or therapy. Encouragement is crucial in helping them take the first step toward recovery.

Set and Maintain Boundaries

Support doesn't mean enabling destructive behavior. It's essential to set and maintain clear boundaries. Let your loved one know what behavior is unacceptable and what

consequences will follow if they cross those boundaries. Boundaries help protect both your well-being and theirs.

Educate Yourself

Knowledge is empowering. Educate yourself about addiction, its effects, and the recovery process. Understanding the challenges your loved one faces can help you offer more targeted support. Consider attending family support groups to connect with others in similar situations.

Practice Self-Care

Supporting someone with addiction can be emotionally draining. It's vital to prioritize your well-being. Practice self-care, engage in activities that bring you joy, and seek your support network. Remember, you're not responsible for their addiction or recovery, but you can play a significant role in their healing process.

Never Give Up on Hope

Recovery can be a long and challenging journey. There may be relapses, but it's essential never to give up on hope. Offer your unwavering support and love, even in difficult times. Celebrate their successes, no matter how small, and remind them that you believe in their ability to overcome addiction.

Living with a loved one struggling with addiction is a demanding task, but it's also an opportunity to make a profound impact on their path to recovery. Approach the situation with empathy, provide encouragement for treatment, set and maintain boundaries, educate yourself, and practice self-care.

Remember that addiction recovery is a process, and your ongoing support is a beacon of hope for your loved one. Together, you can navigate the challenges of addiction and work toward a brighter, healthier future.

Groundbreaking Methodology Reveals Insights into Brain's Noradrenaline System

A significant breakthrough in neurochemistry research has emerged through a collaborative effort by an international team of scientists. Their findings offer new insights into the brain's noradrenaline (NA) system, a focal point for potential treatments concerning conditions such as attention-deficit/hyperactivity disorder, depression, and anxiety.

Published in the journal *Current Biology*, this research not only sheds light on the brain's intricate chemistry but also introduces a pioneering methodology for real-time chemical analysis, performed using standard clinical electrodes routinely implanted during epilepsy monitoring. This revolutionary approach marks a significant leap forward in neuroscience research, a result of more than a decade of development.

Lead author of the study, Read Montague, described this achievement as the first instance of "fast" neurochemistry recorded by voltammetry from conscious humans. The methodology stands as a monumental breakthrough, drawing a new capability to acquire data directly from the living human brain.

The ingenious method builds on established voltammetry techniques employed in laboratory models for over 30 years. However, applying these techniques to humans presented a considerable challenge due to the need for electrode insertion into the brain. The research team devised a method that could utilize clinical electrodes routinely used in medical procedures.

Utilizing these adapted clinical electrodes, the researchers focused on recording electrochemical brain activity in the amygdala, a region deeply linked to emotional processing. This critical aspect of the study provided invaluable insights into the NA system's role in emotional states and its potential correlation with conditions like ADHD.

According to Dan Bang, the lead author, the locus coeruleus-based noradrenaline system is regarded as a key regulator of arousal and attention. This system has long been a prime target for medications addressing a range of clinical conditions. However, understanding its role in human health has been hampered by the lack of direct recordings, which this study effectively addressed.

The application of the methodology allowed researchers to observe how NA levels correlated with emotional intensity, particularly during exposure to unexpected stimuli. This underlines the system's relevance to conditions like ADHD and contributes significantly to the understanding of human brain activity.

The groundbreaking nature of this work received accolades from the scientific community, with Dr. Wael Asaad, director of Functional and Epilepsy Neurosurgery at Rhode Island Hospital and vice-chair for research in the Department of Neurosurgery at Brown University, describing it as a significant milestone in comprehending human brain circuits' functions.

This achievement marks a remarkable fusion of pioneering neuroscience research and innovative methodologies, paving the way for new insights into human brain activity and the development of potential treatments for various medical conditions.
